

Ohio's Newest Anti-Gambling Laws Readied

3 Tough Measures To Go into Effect In State Next Month

COLUMBUS, Ohio (AP) — Atty. Gen. Mark McElroy reminded police chiefs, sheriffs, prosecutors and judges today that three Ohio anti-gambling laws, among the toughest in any of the 50 states, become effective next month.

His four-page memorandum to 525 officials said the new laws are designed to liquidate Ohio racketeers who gross an estimated \$350 million a year.

Enacted by the last legislature in substantially the form drafted by McElroy, the first law, aimed at numbers operators, takes effect next Friday.

Another hitting horse race bookies becomes effective Sept. 18. The third, dealing with sports event betting, goes into operation Sept. 25.

"Basically these laws do two things," McElroy said.

"First, old laws are amended so as to raise the penalties for the promoters or 'kingpin' racketeers to penitentiary sentences for as much as 10 years.

"Secondly, entirely new laws were enacted describing new crimes under state law. The words and phrases employed in these new sections were taken from existing city ordinances that successfully met attacks in court tests sponsored by the racket element.

"These laws were designed to do a comprehensive job to liquidate the racket element.

"They strike at the sponsors, suppliers, promoters and 'pushers' of numbers sales, sports events 'pool' tickets and those who manage or maintain betting parlors and similar establishments."

McElroy pointed out that new sections in the laws make mere possession of various gambling paraphernalia a crime. He said application of that principle proved successful under Ohio's anti-slot machine law enacted 10 years ago. McElroy said he has received word that a number of racketeers already have made plans to leave Ohio "for misdemeanor territory where all they have to do when arrested once in a while is to pay their dues."

He added that a number of small confectionery, cigar store and pool room operators, who get an extra \$50 or more a week writing numbers and taking bets, will halt these operations rather than face felony penalties.

"When those outlets dry up," McElroy asserted "it will cut racket operation profits."

The numbers law makes a felony to print or sell policy slips. Maximum penalty is three years in prison and a \$1,000 fine.

The penalty for a first conviction under the new bookie law runs to a \$500 fine and six months in jail. Subsequent convictions carry a maximum \$1,000 fine and three years.

The new law dealing with the printing and sale of sports event tickets also carries a top penalty of three years in prison and a \$1,000 fine.

Congo Tension Still Mounts

LEOPOLDVILLE, the Congo (AP)—The United Nations rushed 350 Ethiopian reinforcements to Stanleyville today as tension between U.N. and Congolese troops mounted.

The United Nations announced that Ingram England, its chief officer in Stanleyville, was threatened with arrest over the weekend while having talks with Antoine Gizenga.

A Congolese soldier burst into the room at Gizenga's office and pointed a rifle at the chest of England, a Swede, and told him he was under arrest.

But the U.N. official's Ethiopian escort threatened to use force and the Congolese backed down. Seventeen families of U.N. officials in Stanleyville have been flown back to Leopoldville as a safety measure.

U.S. Consul Thomas Cassilly flew back to Leopoldville Tuesday night after being expelled from Stanleyville.

East German Escapes from Red Bullets

BERLIN (AP)—An East German swam to freedom today across the Teltow Canal under a hail of bullets from Communist border guards. He climbed out on the west bank of the canal unhurt.

West Berlin police said they heard bullets whipping into the canal, whose center marks the sector border, about 6:45 a.m. Five minutes later the dripping man clambered up the west bank to freedom. He was not immediately identified.

During the past week, Communist troops have killed two men trying to swim the 60 yards across the canal, which forms part of the border in the divided city. Berliners now call it the "Death Canal."

Police reported that Communist guards elsewhere on the border flung tear gas grenades and fired water cannon Tuesday night at about 60 persons gathered at Alexanderstrasse, in Kreuzberg in the American sector. Shortly after midnight the Communists opened up again when a group of Western youths started catcalling.

About 5 a.m., a Communist water cannon at Treptowerstrasse suddenly let fly at a police patrol car on the Western side.

President Heinrich Lübke to West Germany was in the city today for a look at the situation. He arrived unexpectedly after breaking off his vacation.

Poke at U.S. Aide Brings Apology

SALISBURY, Southern Rhodesia (AP)—Officials of the Rhodesian Federation and Northern Rhodesia apologized today for the punch in the face a white settler gave U.S. Assistant Secretary of State G. Mennen Williams at Lusaka airport.

Sir Roy Welensky, prime minister of the Rhodesian Federation, asked U.S. Consul John Emerson to convey his "deep personal regret for this deplorable incident to Mr. Williams."

Similar regret was expressed to U.S. consular authorities in Lusaka, the capital of Northern Rhodesia, by Sir Evelyn Hone, the territorial governor, who witnessed the assault and helped subdue the assailant.

Civil Rights Panel Due To Be Extended

WASHINGTON (AP) — Senate leaders hoped today to win a two-year extension of the Civil Rights Commission and then cut short any moves for passage of other civil rights measures.

Under an unanimous consent agreement reached Tuesday, the Senate is to vote in midafternoon on a motion to suspend its rules to permit the extension bill to be hooked to a \$761 million appropriation measure for the State and Justice departments.

Suspension of the rule barring legislation in an appropriation bill takes a two-thirds majority of the senators present and voting.

The move, opposed by Southern foes of the commission, was jointly sponsored by Democratic Leader Mike Mansfield of Montana and Republican Leader Everett M. Dirksen of Illinois.

Mansfield served notice he would move to table and thus kill attempts to suspend the rules for consideration of other civil rights measures bitterly opposed by Southern senators.

A tabling motion is not debatable and thus can force an issue to a quick vote.

The Kennedy administration has not asked Congress for civil rights legislation at this session other than an extension of the commission, which will expire Nov. 9.

The commission was created in 1957 to investigate violations of civil rights, particularly denials of voting rights, and was extended for two years in 1959 by a rider to an appropriation bill.

Anti-Rail Strike Injunction Hinted

PHILADELPHIA (AP)—A federal judge has intimated he would issue an injunction today prohibiting a threatened strike by the Transport Workers Union against the Pennsylvania Railroad at midnight Thursday night. A strike would tie up the 13-state PRR system.

The railroad, contending that the threat of a strike is costing it \$500,000 in revenue losses daily and that an actual walkout would cost it up to \$2.5 million a day, went into court Tuesday seeking the injunction.

Brazilian Leftist Is OK'd As Figurehead President

Red Army Halts Soldier Releases

MOSCOW (AP)—Again blaming the United States and its allies for the current world tension, the Soviet government says it has stopped returning servicemen to civilian life and warned that aggressors will be wiped out "once and for all" if war starts.

A statement issued Tuesday night by the Communist party Central Committee and the Soviet Cabinet said Marshal Rodion Malinovsky, the Soviet defense minister, had been ordered to hold up demobilization of military personnel whose service would normally end this year "until the conclusion of a peace treaty with Germany."

The number of men involved was not announced, but Soviet Premier Khrushchev said July 8 that a military cutback of 1.2 million men which began last year was being halted because of the Western attitude on Berlin. How far the cutback had gone was never announced.

Khrushchev on Aug. 7 warned that Soviet troop strength might have to be boosted even further. He accused the West of pushing the world "to a dangerous brink" in the conflict over Berlin, which stems from Khrushchev's pledge to sign a peace treaty with East Germany's Communist regime by the end of the year. The Communists contend a treaty would give East Germany control over Western access routes to West Berlin.

President Kennedy responded to the Soviet diplomatic offensive by offering to negotiate but stressing the West's intention to fight for Berlin if necessary. He called for the biggest U.S. troop buildup

since the Korean war, including the right to hold military men in service.

The latest Soviet statement accused Kennedy of making threats reinforcing them with an arms buildup by the United States and its North Atlantic allies and presenting "something like an ultimatum, demanding essentially that we withdraw in general the question of the conclusion of a peace treaty with Germany."

"If the imperialists," said the statement, "in connection with the signing of a peace treaty with Germany, again seek to draw us into the abyss of war, we are fully resolved to put an end once and for all to the forces endangering aggression."

Atlanta Schools Are Integrated

9 Negro Students Absorbed Quietly

ATLANTA (AP) — Nine Negro pupils strolled into classes in previously white Atlanta schools today, and watchful police nipped quickly any hint of trouble.

Thus the traditional school segregation barriers — in force in Georgia and Atlanta for 100 years — tumbled, reluctantly perhaps, but quietly. Total public school segregation now remains in only three Deep South states — Alabama, Mississippi and South Carolina.

At the first indication of any trouble at the four high schools being desegregated under federal court orders, police dispersed small knots of spectators and whisked to police headquarters several persons who gave them arguments.

An hour before classes began police at Murphy High School confiscated two signs urging a boycott of the schools. A man posting a boycott sign in a yard nearby was ordered to remove it or be taken into custody. The sign came down.

City officials and police had made elaborate plans to prevent disorder and the opening day started quietly. A long campaign by civic groups, city officials, educators and religious leaders for a peaceful transition, paved the way for the change.

School integration was the signal for merchants to desegregate downtown lunch counters under an agreement reached months ago.

The Atlanta school system has 69,000 white pupils and 48,000 Negroes. Segregation remained in effect at 13 white high schools, five Negro high schools, 73 white elementary schools and 41 Negro elementary schools.

A man who identified himself as Bill Cody of Arlington, Va., was taken into custody at Grady High School 10 minutes after the Negro pupils entered the building. Cody told a police officer, "I want to picket, and I am going to picket."

Direct Loan Funds for GLs Available Now

James Shea, local veterans service officer, announced today that there is no longer a waiting list for direct GI loans.

This information was confirmed by Shea who contacted the Regional Veterans Administration office in Cincinnati by phone.

The regional loan officer told Shea there is plenty of money available for direct loans. He also said applications for such loans will be processed immediately, with no lengthy waiting period involved.

According to Shea, veterans were previously forced to wait from four to 10 months for processing.

Veterans wishing to obtain direct GI loans should contact Shea at his office in the basement of the Courthouse.

Prime Minister Due To Rule For 2 Years

Military Chiefs Agree To Allow Goulart To Take Over Top Post

RIO DE JANEIRO, Brazil (AP) — Brazil's three military ministers today agreed to accept Joao Goulart as a figurehead president with a prime minister to be appointed by Congress until 1963, a government source said.

The decision by the three top military chiefs was reached here and a government source said it already has been transmitted to Brasilia, the inland capital.

If acceptable to Congress and government political leaders in Brasilia, it might end the serious crisis, which has been rocking the country since Janio Quadros resigned as president last Friday.

The formula proposed by the military chiefs considerably differed from the recommendations presented to the national Congress earlier today by a congressional committee.

The important difference is that Congress rather than the president would choose the prime minister.

The prime minister would have the power to run the country—the same powers previous Brazilian presidents have held.

Goulart would hold little more than a decorative job.

Under the formula proposed by the military chiefs—War Minister Marshal Odilio Denys, Navy Minister Adm. Silvio Heckel and Air Minister Brig. Grun Moss — Goulart and a prime minister would finish out Quadros' unexpired five-year term. Then in 1963, an election would be held on schedule.

Earlier, the heads of the army, navy and air force had rejected a congressional committee plan to set up Goulart as a powerless head of a parliamentary form of government.

Goulart, meanwhile, was flying from Paris to New York enroute to Brazil.

Acting President Rainieri Mazzilli issued a decree firing the army commander in southern Brazil who had pledged to support Goulart. The decree also sacked the commanders of an infantry.

Klumpff Case Data Said To Be 'Sordid'

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle said today upon his return from vacation that he expected to report on the Klumpff murder case next week.

The governor reviewed voluminous court and highway patrol investigation records during a two-week stay at Hot Springs National Park, Ark.

He returned to Columbus late Tuesday.

DiSalle expressed puzzlement over what kind of report to issue because of what he termed "sordid aspects" of the case.

"I don't know whether the newspapers would want to print it," he told a news conference. Widespread publicity attended the conviction of Mrs. Edythe Klumpff for the first-degree murder of her lover's estranged wife in Cincinnati almost three years ago. DiSalle commuted her death sentence after a truth serum test in Marysville Reformatory where she is serving a life term.

"I don't really know what to do with it — how to approach it," DiSalle said of his report. "I don't know whether to discuss it with (Hamilton County Prosecutor C. Watson) Hoyer or release the whole thing and let it go."

German Chieftain Hints Neutral Role

WASHINGTON (AP) — The New York Times says West German Chancellor Konrad Adenauer fears any further reversals on the Allied position on Berlin could put West Germany in a neutralist mood.

The Times said President Kennedy will receive a message from

Adenauer today saying that unless the West shows ability and unity in defending its position in West Berlin, "a desire for some kind of accommodation with the Russians, perhaps by fishing for a neutral role between East and West," will become stronger and possibly a factor in German politics.

U. S. Ambassador Llewellyn Thompson may seek an appointment in Moscow next week in an effort to learn Soviet views about Berlin negotiations.

The aim is to get the latest line on the Kremlin approach to East-West talks before the Western Big Four foreign ministers hold their next strategy session on Berlin.

Informants said a Thompson meeting with Soviet Foreign Minister Andrei Gromyko in Moscow soon is under active consideration as a means of providing the Western foreign ministers meeting with whatever information the Soviets wish to supply.

The ambassador is vacationing in West Germany but is due back in Moscow this weekend.

Tentative plans for a meeting of the foreign ministers of the United States, Britain, France and West Germany in advance of the September 19 opening of the U.N. General Assembly fall session were announced at the State Department Tuesday.

The expected site of the parity is Washington and the expected date a few days before the United Nations convenes. New York was listed as a possible alternative site, but is less likely than Washington because French Foreign Minister Maurice Couve de Murville has not indicated he plans to attend the U.N. opening and West Germany is not a U.N. member.

If Gromyko shows up for the U.N. opening, Secretary of State Dean Rusk and British Foreign Secretary Lord Hume are expected to meet with him informally to see whether formal East-West negotiations on Berlin would be productive.

U.S. authorities said the Western powers are agreed that bilateral side talks with Gromyko will not include any substantive negotiation on Berlin. They said negotiations will be undertaken only with a united Western front.

Ore Consumption Dips

CLEVELAND (AP) — There were 55,718,156 gross tons of iron ore consumed in the United States and Canada during the first seven months of the year, the American Iron Ore Association reported today. Consumption was 17,437,739 tons less than a year ago.

Government Request Heeded, Auto Strike Is Postponed

DETROIT (AP) — United Auto Workers President Walter P. Reuther, with a planned General Motors strike delayed at least six days at government request, returns today to the bargaining table of his No. 1 contract target among the Big Three automakers.

Reuther says he expects "to stay with them as long as necessary." This could signal around-the-clock bargaining from which contracts usually emerge in a matter of hours after weeks of preliminary haggling. The negotiations opened in late June.

Both the UAW and General Motors agreed Tuesday night to an extension from Thursday midnight until 10 a.m. next Wednesday of their expiring three-year contract.

The extension was requested by William E. Simkin, director of the Federal Mediation and Conciliation Service, a few hours before the UAW's International Executive Board met to set GM as the target for a Thursday midnight walkout in support of the union's contract demands.

The UAW chief said he was willing to extend Ford and Chrysler contracts, which also run out Thursday midnight, on a day-to-

Ohio's Newest Anti-Gambling Laws Readied

3 Tough Measures To Go into Effect In State Next Month

COLUMBUS, Ohio (AP) — Atty. Gen. Mark McElroy reminded police chiefs, sheriffs, prosecutors and judges today that three Ohio anti-gambling laws, among the toughest in any of the 50 states, become effective next month.

His four-page memorandum to 525 officials said the new laws are designed to liquidate Ohio racketeers who gross an estimated \$350 million a year.

Enacted by the last legislature in substantially the form drafted by McElroy, the first law, aimed at numbers operators, takes effect next Friday.

Another hitting horse race bookies becomes effective Sept. 18. The third, dealing with sports event betting, goes into operation Sept. 25.

"Basically these laws do two things," McElroy said.

"First, old laws are amended so as to raise the penalties for the promoters or 'kingpin' racketeers to penitentiary sentences for as much as 10 years.

"Secondly, entirely new laws were enacted describing new crimes under state law. The words and phrases employed in these new sections were taken from existing city ordinances that successfully met attacks in court tests sponsored by the racket element.

"These laws were designed to do a comprehensive job to liquidate the racket element.

"They strike at the sponsors, suppliers, promoters and 'pushers' of numbers slips, sports events 'pool' tickets and those who manage or maintain betting parlors and similar establishments."

McElroy pointed out that new sections in the laws make mere possession of various gambling paraphernalia a crime. He said application of that principle proved successful under Ohio's anti-slot machine law enacted 10 years ago. McElroy said he has received word that a number of racketeers already have made plans to leave Ohio "for misdemeanor territory where all they have to do when arrested once in a while is to pay their dues."

He added that a number of small confectionery, cigar store and pool room operators, who get an extra \$50 or more a week writing numbers and taking bets, will halt these operations rather than face felony penalties.

"When those outlets dry up," McElroy asserted "it will cut racket operation profits."

The numbers law makes a felony to print or sell policy slips. Maximum penalty is three years in prison and a \$1,000 fine.

The penalty for a first conviction under the new bookie law runs to a \$500 fine and six months in jail. Subsequent convictions carry a maximum \$1,000 fine and three years.

The new law dealing with the printing and sale of sports event tickets also carries a top penalty of three years in prison and a \$1,000 fine.

Congo Tension Still Mounts

LEOPOLDVILLE, the Congo (AP)—The United Nations rushed 350 Ethiopian reinforcements to Stanleyville today as tension between U.N. and Congolese troops mounted.

The United Nations announced that Ingram Englund, its chief of office in Stanleyville, was threatened with arrest over the weekend while having talks with Antoine Gizenga.

A Congolese soldier burst into the room at Gizenga's office and pointed a rifle at the chest of Englund, a Swede, and told him he was under arrest.

But the U.N. official's Ethiopian escort threatened to use force and the Congolese backed down.

Seventeen families of U.N. officials in Stanleyville have been flown back to Leopoldville as a safety measure.

U.S. Consul Thomas Cassilly flew back to Leopoldville Tuesday night after being expelled from Stanleyville.

CLEVELAND (AP) — There were 55,718,156 gross tons of iron ore consumed in the United States and Canada during the first seven months of the year, the American Iron Ore Association reported today. Consumption was 17,437,739 tons less than a year ago.

Government Request Heeded, Auto Strike Is Postponed

DETROIT (AP) — United Auto Workers President Walter P. Reuther, with a planned General Motors strike delayed at least six days at government request, returns today to the bargaining table of his No. 1 contract target among the Big Three automakers.

Reuther says he expects "to stay with them as long as necessary." This could signal around-the-clock bargaining from which contracts usually emerge in a matter of hours after weeks of preliminary haggling. The negotiations opened in late June.

Both the UAW and General Motors agreed Tuesday night to an extension from Thursday midnight until 10 a.m. next Wednesday of their expiring three-year contract.

The extension was requested by William E. Simkin, director of the Federal Mediation and Conciliation Service, a few hours before the UAW's International Executive Board met to set GM as the target for a Thursday midnight walkout in support of the union's contract demands.

The UAW chief said he was willing to extend Ford and Chrysler contracts, which also run out Thursday midnight, on a day-to-

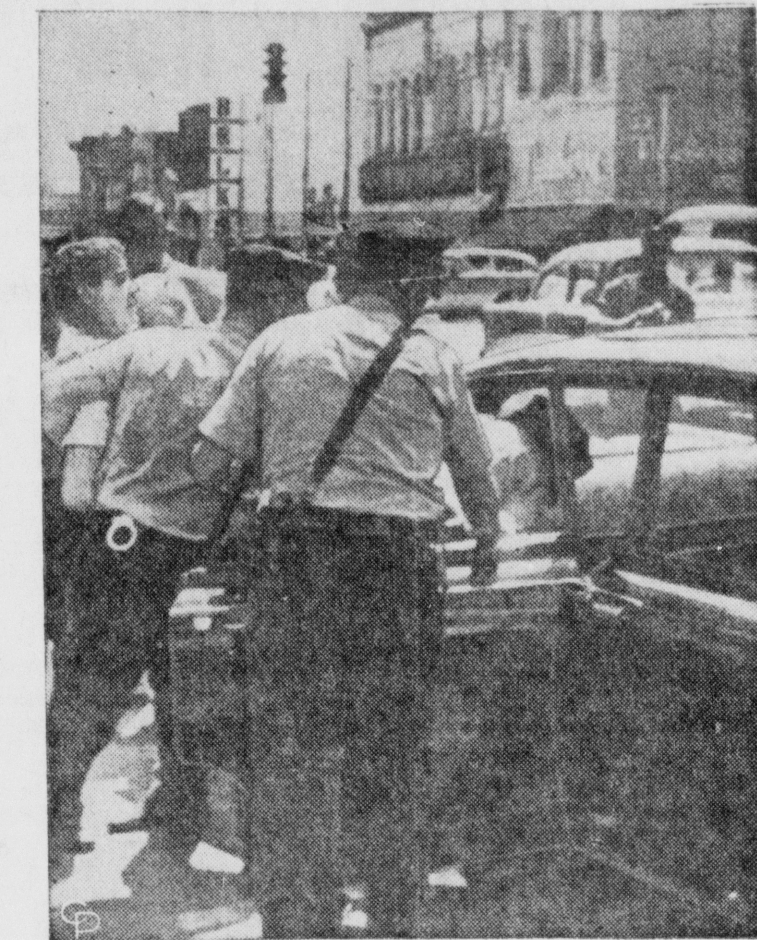

day basis pending settlement with GM. Both companies also agreed. As he prepared to go to GM for hammer-and-tongs bargaining, Reuther was armed with a new three-year agreement with American Motors Corp. including the auto industry's first profit-sharing plan.

Norman Matthews, a UAW vice president and director of both its Chrysler and AMC departments, told the Chrysler National Council the union will press GM for profit-sharing in some fashion.

All the Big Three are on record against direct profit-sharing with production workers.

Managements insist production workers have shared in industry progress over the years in wage increases which have raised hourly rates to an average \$280 and fringe benefits to 35 to 40 cents hourly.

The Big Three have made partial package offers including seven cents an hour wage increases for each of three years and fringe improvements. The union has termed them inadequate. Company spokesmen have called them superior to the AMC settlement. In the latter some major fringe advances depend primarily on profit levels.

East German Escapes from Red Bullets

BERLIN (AP)—An East German swam to freedom today across the Teltow Canal under a hail of bullets from Communist border guards. He climbed out on the west bank of the canal unhurt.

West Berlin police said they heard bullets whipping into the canal, whose center marks the sector border, about 6:45 a.m. Five minutes later the dripping man clambered up the west bank to freedom. He was not immediately identified.

During the past week, Communist troops have killed two men trying to swim the 60 yards across the canal, which forms part of the border in the divided city. Berliners now call it the "Death Canal."

Police reported that Communist guards elsewhere on the border flung tear gas grenades and fired water cannon Tuesday night at about 60 persons gathered at Alexandrinenstrasse, in Kreuzberg in the American sector. Shortly after midnight the Communists opened up again when a group of Western youths started catcalling.

About 5 a.m., a Communist water cannon at Treptowerstrasse suddenly let fly at a police patrol car on the Western side.

President Heinrich Lübke of West Germany was in the city today for a look at the situation. He arrived unexpectedly after breaking off his vacation.

Poke at U.S. Aide Brings Apology

SALISBURY, Southern Rhodesia (AP)—Officials of the Rhodesian Federation and Northern Rhodesia apologized today for the punch in the face a white settler gave U.S. Assistant Secretary of State G. Mennen Williams at Lusaka airport.

Sir Roy Welensky, prime minister of the Rhodesian Federation, asked U.S. Consul John Emmerson to convey his "deep personal regret for this deplorable incident to Mr. Williams."

Similar regret was expressed to U.S. consular authorities in Lusaka, the capital of Northern Rhodesia, by Sir Evelyn Hone, the territorial governor, who witnessed the assault and helped subdue the assailant.

Beloved Coffee Pot Goes to Cop

SAN JOSE, Calif. (AP)—Mrs. Stanley Hardman, 35, was granted a divorce after complaining that her police sergeant husband hauled her out if she didn't bring him coffee right away when he rang a bell each morning.

Judge W. W. Jaoka awarded her the family house, \$1 a month alimony and \$50 a month each for three children.

Sgt. Hardman was awarded the coffee pot.

250,000 Worms Spill on Highway

MILLERSPORT, Ohio (AP) — The dream of every night crawler hunter came true in somewhat violent fashion here today.

About 250,000 night crawlers were spilled along Ohio 204 when a bait truck went out of control along a curve and upset.

The truck, bound for a local bait store, was driven by John A. LaFave, 22, of Hamilton, Ontario, Canada. He escaped injury. Owners of the local store enlisted Millersport children to help clean up the worms.

Letter Carriers Seek Foul Weather Relief

BUFFALO, N.Y. (AP) — After years of wading through everything from blizzards to hailstones, the mailman has asked for a reprieve from heavy weather.

The State Association of Letter Carriers Tuesday adopted resolutions urging laws that would suspend mail delivery in weather emergencies and cut the mailman's day from eight to six hours when the temperature climbs above 80 or drops below 10.

Anti-Rail Strike Injunction Hinted

PHILADELPHIA (AP)—A federal judge has intimated he would issue an injunction today prohibiting a threatened strike by the Transport Workers Union against the Pennsylvania Railroad at midnight Thursday night. A strike would tie up the 13-state PRR system.

The railroad, contending that the threat of a strike is costing it \$500,000 in revenue losses daily and that an actual walkout would cost it up to \$2.5 million a day, went into court Tuesday seeking the injunction.

Prime Minister

(Continued from Page 1)
fantry division and a cavalry division.

The congressional committee openly took issue with the service chiefs who fear that the assuming of the presidency by Goulart would threaten the security of the big subtropical country.

War Minister Odylio Denys went into urgent talks with his top officers. Denys returned here from Brasilia Tuesday night following reports that one army commander had thrown his support behind Goulart.

Labor party Deputy Doute de Andrade, one of Goulart's chief supporters in Congress, told the Chamber of Deputies of the army split in the south. He said an emissary from the commander, Gen. Jose Machado Lopes, told Denys that Machado Lopes would take orders "only from President Joao Goulart."

The decree issued by Mazzilli removed Machado Lopes and named Gen. Osvaldo Cordeiro de Faria to succeed him. But in view of Machado Lopes' earlier defiance of Denys, it was questionable whether he and his associates would abide by the dismissal decree.

De Andrade told the chamber that Goulart would fly to Montevideo, Uruguay, then go to the south Brazilian state of Rio Grande do Sul, his home stronghold where the 3rd Army is based. The governor of the state, Leonel Brizola, has already pledged support to Goulart, who is his brother-in-law.

Denys' sudden flight to Rio appeared to confirm that Machado Lopes was backing Goulart. But the 3rd Army chief of staff, Gen. Antonio Carlos da Silva Murici, denied a report by a radio station in southern Brazil that Machado Lopes had telegraphed the commanders of the 1st, 2nd and 4th armies declaring "the only alternative to solve the present crisis is to support" Goulart.

Denys was pledged full support by the commander of the 1st Army, probably Brazil's strongest military force, which has its headquarters in Rio. Its commander, Gen. Nestor Souto de Oliveira, sent him a message that his forces were "ready to receive and fulfill without vacillations and without loss of time any order of your excellency as the chief of the army."

Congress scheduled a joint session in Brasilia to debate a 16-member parliamentary commission's recommendation that the constitution be amended to make the presidency a chiefly ceremonial post. The governing power would be put in the hands of a prime minister chosen by Congress.

The commission approved the plan 10-3 — with three members not voting — despite its previous rejection by the military chiefs. Some congressional sources thought Congress might pigeonhole the proposal under pressure from Denys, who wants a constitutional change that will bar the leftist Goulart from the presidency.

Three violators Fined by Court

Three fines were collected today by Circleville Municipal Court from traffic violators arrested in this area.

Robert Charles Swan, 17, Jackson, was fined \$15 and costs for changing traffic lanes without proper caution. Swan was arrested by the sheriff's department.

Elizabeth W. Robb, 64, Essex, Conn., was fined \$10 and costs for passing a red traffic signal.

Ernest Y. Redman, 41, Columbus, forfeited a \$19 bond for speeding at 60 miles per hour in a 50 mile zone.

Both Redman and Robb were arrested by the State Highway Patrol.

James Jenkins Jr., 5, son of Mr. and Mrs. James Jenkins Sr., 187 Walnut St., lacerated his left foot when he stepped on a piece of glass.

Howard Payne, 9, son of Mr. and Mrs. Harold Payne, Williamsport, stepped on a broken tile and lacerated his left foot.

Donna Smith, 18, of 704 E. Mound St., lacerated her left ankle on a piece of glass.

Logan Payne, 41, of 153 Fairview Ave., stepped on a water hose and was thrown under a truck, injuring his right ankle.

Merrel Routt, 49, of 528 N. Court St., slipped and struck his head on a roof. He received a laceration over the left eye.

Track Figures Summoned by Vice Probers

Plot To Silence Witnesses Eyed by Senate Investigators

WASHINGTON (AP) — Senate crime investigators called race track figures from six states for questioning today, and sought to solve a plot to silence two other witnesses.

Harry Gorman of Indianapolis, who described himself as a retired Indianapolis race wire operator, swore he had been threatened with death if he gave information to the Senate Investigations subcommittee.

The subcommittee also heard testimony that Frank W. Lyons, a Chicago race wire employee, tried to commit suicide Saturday because of threats.

Thus far the senators have drawn a blank in trying to identify the authors of the threats. They wouldn't say whether they were asking the FBI for help. Because Lyons and Gorman were under subpoena, attempts to intimidate them could bring felony punishment for obstruction of justice.

The subcommittee listed men from Illinois, Kentucky, Ohio, Pennsylvania, Missouri and Louisiana as witnesses in the hearings on big-time gambling. It presently is exploring the role of secret but legal race wire services as a bulwark of illegal hand-book betting on the horses.

Sen. John L. McClellan, D-Ark., subcommittee chairman, said the witnesses would include Martin Hillery of Chicago; Louis Ekman of the Louisville (Ky.) Daily Sports; Robert C. Cullen, a Cincinnati, Ohio, operator; Stanley Schoemaker and Richard Busker of Newport, Ky.; Henry Crowley of Steubenville, Ohio, and Pittsburg, Pa.; George Thurman of Louisville; William P. Brown of Richmond Heights, Mo.; and members of a New Orleans, La., race wire operation known as Nola News.

Downey Rice, a subcommittee consultant, testified that Nola News is a "Mafia type" operation.

Rice, a former FBI agent who was counsel to the Senate Crime Investigating Committee in 1950 and 1951, named Nola's three top figures as Joseph Marcello, Joseph Poreto and Ralph Emery. He said Emery is the son of Vincenzo Ammeratto, an Al Capone mobster who also was known as Vincent Emery.

Prime Minister

fantry division and a cavalry division.

The congressional committee openly took issue with the service chiefs who fear that the assuming of the presidency by Goulart would threaten the security of the big subtropical country.

War Minister Odylio Denys went into urgent talks with top officers. Denys returned here from Brasilia Tuesday night following reports that one army commander had thrown his support behind Goulart.

Labor party Deputy Doute de Andrade, one of Goulart's chief supporters in Congress, told the Chamber of Deputies of the army split in the south. He said an emissary from the commander, Gen. Jose Machado Lopes, told Denys that Machado Lopes would take orders "only from President Joao Goulart."

The decree issued by Mazzilli removed Machado Lopes and named Gen. Osvaldo Cordeiro de Faria to succeed him. But in view of Machado Lopes' earlier defiance of Denys, it was questionable whether he and his associates would abide by the dismissal decree.

De Andrade told the chamber that Goulart would fly to Montevideo, Uruguay, then go to the south Brazilian state of Rio Grande do Sul, his home stronghold where the 3rd Army is based. The governor of the state, Leonel Brizola, has already pledged support to Goulart, who is his brother-in-law.

Denys' sudden flight to Rio appeared to confirm that Machado Lopes was backing Goulart. But the 3rd Army chief of staff, Gen. Antonio Carlos da Silva Murici, denied a report by a radio station in southern Brazil that Machado Lopes had telegraphed the commanders of the 1st, 2nd and 4th armies declaring "the only alternative to solve the present crisis is to support" Goulart.

Denys was pledged full support by the commander of the 1st Army, probably Brazil's strongest military force, which has its headquarters in Rio. Its commander, Gen. Nestor Souto de Oliveira, sent him a message that his forces were "ready to receive and fulfill without vacillations and without loss of time any order of your excellency as the chief of the army."

Congress scheduled a joint session in Brasilia to debate a 16-member parliamentary commission's recommendation that the constitution be amended to make the presidency a chiefly ceremonial post. The governing power would be put in the hands of a prime minister chosen by Congress.

The commission approved the plan 10-3 — with three members not voting — despite its previous rejection by the military chiefs. Some congressional sources thought Congress might pigeon-hole the proposal under pressure from Denys, who wants a constitutional change that will bar the leftist Goulart from the presidency.

Three violators Fined by Court
Three fines were collected today by Circleville Municipal Court from traffic violators arrested in this area.

Robert Charles Swan, 17, Jackson, was fined \$15 and costs for changing traffic lanes without proper caution. Swan was arrested by the sheriff's department.

Elizabeth W. Robb, 64, Essex, Conn., was fined \$10 and costs for passing a red traffic signal.

Ernest Y. Redman, 41, Columbus, forfeited a \$19 bond for speeding at 60 miles per hour in a 50 mile zone.

Both Redman and Robb were arrested by the State Highway Patrol.

Track Figures Summoned by Vice Probers

Plot To Silence Witnesses Eyed by Senate Investigators

WASHINGTON (AP) — Senate crime investigators called race track figures from six states for questioning today, and sought to solve a plot to silence two other witnesses.

Harry Gorman of Indianapolis, who described himself as a retired Indianapolis race wire operator, swore he had been threatened with death if he gave information to the Senate Investigations subcommittee.

The subcommittee also heard testimony that Frank W. Lyons, a Chicago race wire employee, tried to commit suicide Saturday because of threats.

Thus far the senators have drawn a blank in trying to identify the authors of the threats. They wouldn't say whether they were asking the FBI for help. Because Lyons and Gorman were under subpoena, attempts to intimidate them could bring felony punishment for obstruction of justice.

The subcommittee listed men from Illinois, Kentucky, Ohio, Pennsylvania, Missouri and Louisiana as witnesses in the hearings on big-time gambling. It presently is exploring the role of secret but legal race wire services as a bulwark of illegal book betting on the horses.

Sen. John L. McClellan, D-Ark., subcommittee chairman, said the witnesses would include Martin Hillery of Chicago; Louis Efkeman of the Louisville (Ky.) Daily Sports; Robert C. Cullen, a Cincinnati, Ohio, operator; Stanley Schoemaker and Richard Busker of Newport, Ky.; Henry Crowley of Steubenville, Ohio, and Pittsburgh, Pa.; George Thurman of Louisville; William P. Brown of Richmond Heights, Mo.; and members of a New Orleans, La., race wire operation known as Nola News.

Downey Rice, a subcommittee consultant, testified that Nola News is a "Mafia type" operation.

Rice, a former FBI agent who was counsel to the Senate Crime Investigating Committee in 1950 and 1951, named Nola's three top figures as Joseph Marcello, Joseph Porello and Ralph Emery.

He said Emery is the son of Vincenzo Ammerato, an Al Capone mobster who also was known as Vincent Emery.

Federal Interference

Many nations have expressed interest in the American communications satellite program which will permit television, telephone and other signals to be deflected from four satellites to be orbited next year. These could be received at any point in the world.

In response to President Kennedy's invitation to all nations to participate in the interests of world peace and brotherhood, Britain, France, West Germany, Canada, Argentina, Italy, Japan and Brazil are negotiating for or have expressed interest in ground receiving stations.

American Telephone and Telegraph, Radio Corporation of America and others will sponsor and pay for the satellites

equipping the system which will be privately operated under government supervision. For this reason intimations that the Department of Justice is contemplating a break-up of some AT&T operations on monopoly charges seems odd.

One request may be that AT&T divest itself of all international communications. If successful, that would stop the corporation, which pioneered space communications, in its tracks.

Often in the maze of Washington bureaucracy one hand does not know what the other is doing. Nothing should be permitted to interfere with development of space communications.

TV World Better than Heaven?

By Hal Boyle

NEW YORK (AP)—Some people want to go to heaven when they leave this present vale of tears and terror.

I did, too, until I started noticing how the people live who are pictured in television commercials. Now, if I must depart this earthly scene, I want to be reborn one of them.

They dwell, it seems to me, in the best of all possible worlds — better even than heaven because it is more exciting.

There are two fantasy worlds on television.

One is the world shown on TV programs. It is a world of conflict and violence inhabited by gangsters, Western bad men, juvenile delinquents, psychotics and neurotics. It is a ferocious world in which fists thud endlessly, flashing knives are buried in human flesh, and guns bark, roar or spit flaming death.

Life in this world is just one long heyday for the undertaker and the bandage salesman.

The second TV fantasy world is shown in the commercials.

This is the dream world into which any sensible person would love to retire right now and live happily forever.

What are its attractions? Well, there are so many it is hard to know just where to begin.

The world of the TV commercial is a world of solvable problems. Most everybody has a trouble, but it is a small trouble easily and quickly remedied.

It is a world without cruelty or mayhem, inhabited by kindly people who help one another to live better by just a bit of friendly advice.

The repairman doesn't charge the harassed housewife \$86.12 to fix her washing machine.

"What kind of soapuds have you been using?" he asks with tolerant superiority. "Just switch to GRIME, and everything will be all right."

The housewife does—right there and then. Miracle of miracles, it works. If the repairman even bothers to give her a bill, he does it off camera.

In the world of the TV commer-

cial no one worries about the hydrogen bomb, the Berlin crisis, or what to do about Cuba. No one is afflicted with cancer, heart disease, or a runaway ex-husband who refuses to meet his alimony payments.

Lonely girls or middle-aged women find new romance simply by switching to a new deodorant or gray-hair dye. Lonely men anoint their unruly locks with a special cream, and immediately are turned into irresistible Casanovas.

That's the wonderful thing about this best of all possible worlds—nothing is really complicated.

We'd have better relations abroad if we exported not our explosive TV programs but our cheery TV commercials.

They'd show the rest of mankind a world we could all aspire to live in together—a world where all problems have easy answers, and everything always turns out for the best.

Wouldn't you like to buy a one-way ticket to there right now yourself?

Protecting National Security

By George Sokolsky

Business is business but the security of our nation is more important.

At the present time, the United States has an embargo on exports to Soviet Russia, Red China, Cuba and other Communist countries. This embargo is in the national interest. Congress has passed the Export Control Act with a view to protecting the national interest.

The Secretary of Commerce is charged with the execution of this act and under it he issues licenses confidentially unless it is, in his judgement, in the national interest to make such information public.

There are some who believe that all data concerning these licenses, including the name of the person or firm that applies for and received the license should be made public. The Secretary of Commerce, Luther H. Hodges, disagrees with this point of view. He holds:

"By identifying individual business firms, along with other pertinent data, vital information reflecting the trade and commercial

position of each company would be revealed. This in turn could and likely would in many instances lead to disruptions of the normal competitive relationships between the many business firms in the export business, and could very well result in reducing the nation's export business at a time when it should be expanded. In addition, I feel that publication of trade information as to individual firms would particularly be of potential damage to the smaller companies in the export business which are in the process of developing their overseas markets and gaining a toe-hold in a highly competitive business activity."

It seems to me that this is a specious argument. The American people are entitled to know what American firms are trading with the enemy and why. There may be a sound reason for such trade but we should know about it. The American people are also entitled to know what American firms have exported capital to European and Asiatic countries with the object of building plants which can trade with the enemy without restriction.

The publication of such information would not only startle people generally but would shock the stockholders of such companies who would suddenly discover that the enterprise which they own is engaged in trading with the enemy. Some of them may not believe that dollars are worth that much.

Secretary Hodges also says: "A point of more substance and I think of greater significance is that — from the national interest — the vital information is not what particular company has been licensed to export, but what decision has been made by the government to authorize what commodity to be exported to what country! In

terms of the public interest and what should be of public concern it is far more important to know what commodity or item the government has approved for export to what particular country than it is to know the name of the individual business firm that has applied for and received an export license."

The issue here, it seems to me, is not what is more or less important. It is rather that everything is important. The American people are entitled to know everything that goes on in this country and whatever affects them. The Berlin situation is a demonstration of the stupidity of secrecy and of the objection to criticism and debate. The more that is made public, the fewer will be the mistakes made in the interest of those who want government to serve particular rather than general welfare.

It is true that Secretary Hodges can point to his predecessor who set up the precedents which he is following. However, it is to be noted that we are today paying a very heavy bill contracted by these same predecessors who failed to protect American interests. They are among those who made it possible for Soviet Russia to build a new industry on the gifts from the United States, amounting to \$11,000,000,000 during the war period and how much more has yet to be calculated.

The time has come to let the cat out of the bag. Let us know everything about what has been done to the economy of the United States during the past three blighted decades. The more the people know the reader they will be to stand up in support of their government at this critical moment. We have been told of what progress we have made. Where is the progress?

Looking Back in Pickaway County

FIVE YEARS AGO

Safecrackers got away with \$1,500 in cash from the local BPO Elk's Lodge during the night.

Southend residents planned to attend next week's meeting of City Council concerning limitations of the city sewer system.

Circleville Water Department officials announced the water supply would be shut off for about two hours in order to make a repair on a water main.

TEN YEARS AGO

Carl Porter resigned as janitor of Franklin St. School to accept a position with a local dry cleaning plant.

2 Husband-Killers Slated for Paroles

COLUMBUS, Ohio (AP) — Two women who killed their husbands with shotgun blasts following quarrels will be paroled from the Marysville Reformatory about Sept. 28.

They are: Leola Singer, 41, received Sept. 18, 1959, for manslaughter in the fatal shooting of her husband Clifford. They had been living in Zanesville.

Louise Whisman, 31, received Sept. 23, 1960, for manslaughter in the death of her husband Kenneth in Warren County.

Among 21 others to be paroled from the Women's Reformatory is Anna Lee Suddeth, 52, Ironton, received July 27, 1951, for second-degree murder in the fatal shooting of Youland Born. Records indicate that she and her husband, a preacher, quarreled with Born over alleged misuse of a church.

LAFF-A-DAY

"First, let me say I hope there are no hard feelings about yesterday."

Try and Stop Me

By BENNETT CERF

THEY TELL of a young sailor who was a guest at the Marine Corps birthday ball and engaged in a frenzied and abandoned dance with his pert, slender young partner despite the fact that the floor was packed.

Three times the sailor flung his girl straight at a master sergeant who was dancing a sedate one-step with his 200-pound wife. Three times the master sergeant bore the onslaught with surprising good humor, but the fourth time he blew his top.

"Son," he bellowed, "if you hit me with that woman once again, I'm going to clobber you with this one."

A visitor to a New England farmhouse became embarrassed when the ten-year old girl of the family kept circling slowly around his chair. "What on earth are you doing that for, little girl?" he asked finally. "I'm looking for the word," she explained. "What word?" he demanded. "Mama says," she explained, "that if any man has 'henpeck' written all over him, it's you."

Dear Doctor: Do sunflower seeds contain special vitamins that darken gray hair?

Mrs. L. B. Dear Mrs. B.: Like string beans and some seeds, sunflower seeds contain most B vitamins. One B vitamin, PABA (par-aminobenzoic acid), occasionally darkens graying hair. Sunflower seeds add little to the vitamin-B-rich American diet.

Dear Doctor: Since my ovaries were removed 18 months ago, I've taken hormone injections every few weeks. Can these extra hormones cause cancer?

Mrs. I. K. Dear Mrs. K.: You're not taking extra hormones — you're merely replacing those that are missing. Too many female hormones — whether from body or bottle — sometimes worsen womb and breast cancer. Male hormones speed the growth of prostate cancer.

That white paper containing your doctor's prescription should shield you from cancer-causing overdoses!

Dear Doctor: Tobacco smoke gave me headaches and nausea. It makes my son fall unconscious. Tests show he's highly allergic to tobacco. Can anything help?

Mrs. A. R. Dear Mrs. R.: Like your son, you're probably allergic to tobacco. Perhaps antihistamine medicines can block the allergy and clear up your smoky problem. An electronic purifier may whisk smoke from the air.

With a series of shots, a allergy specialist may be able to dull the tobacco sensitivity. Then you won't have to burn when someone else smokes!

Dear Doctor: I drool if I don't stop to swallow saliva when I speak or read aloud. Can anything help?

Mrs. W. N. Dear Mrs. N.: Older salivary glands often shift into high gear. Drugs like mercury or arsenic, a mouth infection, jagged teeth, loose dentures — even excessive smoking — can stir up pools of saliva.

Your doctor can prescribe mouth-drying medicines to slow your salivary glands. But he'll

By Sam Dawson

NEW YORK (AP)—You walk into the small-loan office and the man asks you some questions and looks you over quizzically. He decides if you're a good risk or a bad risk. How?

What must you have to be classified with the good guys? Well, under one theory, it could be such things as a phone, a spouse, a yen for a home of your own, or a fairly lengthy stay at your present address and in your present job.

The old-time credit manager, however, doesn't buy this necessarily. He will tell you that beyond such obvious things as your credit record, he really has to rely to a great extent on instinct.

A lot of persons who needed some quick cash have found this ordeal by instinct tough enough. But now you are more and more likely to run up against a new obstacle: statistics. And this means that a lot of those who would have passed the test if the credit manager stuck to his instinct alone will be turned down today if he consults his charts.

Proponents of this law of probabilities or averages say the new method of grading applicants is proving that a high percentage of those that the credit manager in the loan office would have passed are actually bad risks.

Many credit managers don't believe this, anymore than you will if you flunk the test. But converts to the slide rule approach to credit say it has proved itself by the one thing the small-loan business appreciates most—a drop in the number of total losses and also in accounts that cost too much to collect.

Donald L. Barnes Jr., executive vice president of the American Investment Co., St. Louis, Mo., predicts the new credit scoring system should cut its losses by 25 per cent. Last year it made \$413 million in loans and had to write off \$7 million as bad debts. He hopes the new system will cut this loss by \$2 million a year.

Barnes says the system is based on a study of 14,000 accounts. And if you want to rate yourself as a good risk or a bad risk, here's what the averages revealed:

A phone was found in the residence of 31 per cent more of the good accounts than in the bad ones. Now the company definitely takes the possession of a phone into account when deciding whether to make a loan.

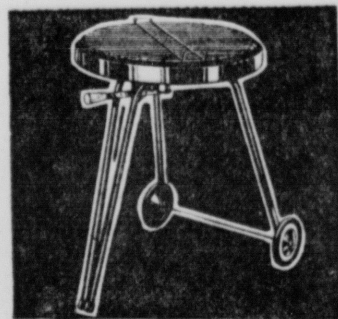

A married applicant was found to be a much better risk than an unmarried person. This confirmed previous lending experience, but to a greater degree perhaps than formerly believed.

And a significantly higher percentage of good accounts owned their own home or were buying one on a forever-and-forever basis. The percentage of bad ac-

counts among home owners was far lower.

This may seem grossly unfair to a bachelor or spinster who prefers to, or has to, live in rented quarters and for any number of reasons cannot have, or doesn't want to have, a telephone. But Barnes insists that figures don't lie.

Many nations have expressed interest in the American communications satellite program which will permit television, telephone and other signals to be deflected from four satellites to be orbited next year. These could be received at any point in the world.

In response to President Kennedy's invitation to all nations to participate in the interests of world peace and brotherhood, Britain, France, West Germany, Canada, Argentina, Italy, Japan and Brazil are negotiating for or have expressed interest in ground receiving stations.

American Telephone and Telegraph, Radio Corporation of America and others will sponsor and pay for the satellites

TV World Better than Heaven?

NEW YORK (AP)—Some people want to go to heaven when they leave this present vale of tears and terror.

I did, too, until I started noticing how the people live who are pictured in television commercials. Now, if I must depart this earthly scene, I want to be reborn one of them.

They dwell, it seems to me, in the best of all possible worlds — better even than heaven because it is more exciting.

There are two fantasy worlds on television.

One is the world shown on TV programs. It is a world of conflict and violence inhabited by gangsters, Western bad men, juvenile delinquents, psychotics and neurotics. It is a ferocious world in which fists thud endlessly, flashing knives are buried in human flesh, and guns bark, roar or spit flaming death.

Life in this world is just one long heyday for the undertaker and the bandage salesman.

The second TV fantasy world is shown in the commercials.

This is the dream world into which any sensible person would love to retire right now and live happily forever.

What are its attractions? Well, there are so many it is hard to know just where to begin.

The world of the TV commercial is a world of solvable problems. Most everybody has a trouble, but it is a small trouble easily and quickly remedied.

It is a world without cruelty or mayhem, inhabited by kindly people who help one another to live better by just a bit of friendly advice.

The repairman doesn't charge the harassed housewife \$86.12 to fix her washing machine.

"What kind of soapuds have you been using?" he asks with tolerant superiority. "Just switch to GRIME, and everything will be all right."

The housewife does—right there and then. Miracle of miracles, it works. If the repairman even bothers to give her a bill, he does it off camera.

In the world of the TV commercial

equipping the system which will be privately operated under government supervision. For this reason intimations that the Department of Justice is contemplating a break-up of some AT&T operations on monopoly charges seems odd.

One request may be that AT&T divest itself of all international communications. If successful, that would stop the corporation, which pioneered space communications, in its tracks.

Often in the maze of Washington bureaucracy one hand does not know what the other is doing. Nothing should be permitted to interfere with development of space communications.

By Hal Boyle

cial no one worries about the hydrogen bomb, the Berlin crisis, or what to do about Cuba. No one is afflicted with cancer, heart disease, or a runaway ex-husband who refuses to meet his alimony payments.

Lonely girls or middle-aged women find new romance simply by switching to a new deodorant or gray-hair dye. Lonely men anoint their unruly locks with a special cream, and immediately are turned into irresistible Casanovas.

That's the wonderful thing about this best of all possible worlds—nothing is really complicated.

We'd have better relations abroad if we exported not our explosive TV programs but our cheery TV commercials.

They'd show the rest of mankind a world we could all aspire to live in together—a world where all problems have easy answers, and everything always turns out for the best.

Wouldn't you like to buy a one-way ticket to there right now yourself?

Protecting National Security

Business is business but the security of our nation is more important.

At the present time, the United States has an embargo on exports to Soviet Russia, Red China, Cuba and other Communist countries. This embargo is in the national interest. Congress has passed the Export Control Act with a view to protecting the national interest.

The Secretary of Commerce is charged with the execution of this act and under it he issues licenses confidentially unless it is, in his judgement, in the national interest to make such information public.

There are some who believe that all data concerning these licenses, including the name of the person or firm that applies for and received the license should be made public. The Secretary of Commerce, Luther H. Hodges, disagrees with this point of view. He holds:

"By identifying individual business firms, along with other pertinent data, vital information reflecting the trade and commercial

position of each company would be revealed. This in turn could lead to disruptions of the normal competitive relationships between the many business firms in the export business, and could very well result in reducing the nation's export business at a time when it should be expanded. In addition, I feel that publication of trade information as to individual firms would particularly be of potential damage to the smaller companies in the export business which are in the process of developing their overseas markets and gaining a toe-hold in a highly competitive business activity."

It seems to me that this is a specious argument. The American people are entitled to know what American firms are trading with the enemy and why. There may be a sound reason for such trade but we should know about it. The American people are also entitled to know what American firms have exported capital to European and Asiatic countries with the object of building plants which can trade with the enemy without restriction.

The publication of such information would not only startle people generally but would shock the stockholders of such companies who would suddenly discover that the enterprise which they own is engaged in trading with the enemy. Some of them may not believe that dollars are worth that much.

Secretary Hodges also says: "A point of more substance and I think of greater significance is that — from the national interest — the vital information is not what particular company has been licensed to export, but what decision has been made by the government to authorize what commodity to be exported to what country! In

terms of the public interest and what should be of public concern it is far more important to know what commodity or item the government has approved for export to what particular country than it is to know the name of the individual business firm that has applied for and received an export license."

The issue here, it seems to me, is not what is more or less important. It is rather that everything is important. The American people are entitled to know everything that goes on in this country and whatever affects them. The Berlin situation is a demonstration of the stupidity of secrecy and of the objection to criticism and debate. The more that is made public, the fewer will be the mistakes made in the interest of those who want government to serve particular rather than general welfare.

It is true that Secretary Hodges can point to his predecessor who set up the precedents which he is following. However, it is to be noted that we are today paying a very heavy bill contracted by these same predecessors who failed to protect American interests. They are among those who made it possible for Soviet Russia to build a new industry on the gifts from the United States, amounting to \$11,000,000,000 during the war period and how much more has yet to be calculated.

The time has come to let the cat out of the bag. Let us know everything about what has been done to the economy of the United States during the past three blighted decades. The more the people know the reader they will be to stand up in support of their government at this critical moment. We have been told of what progress we have made. Where is the progress?

2 Husband-Killers Slated for Paroles

COLUMBUS, Ohio (AP)—Two women who killed their husbands with shotgun blasts following quarrels will be paroled from the Marysville Reformatory about Sept. 28.

They are:
Leola Singer, 41, received Sept. 18, 1959, for manslaughter in the fatal shooting of her husband Clifford. They had been living in Zanerville.

Louise Whisman, 31, received Sept. 23, 1960, for manslaughter in the death of her husband Kenneth in Warren County.

Among 21 others to be paroled from the Women's Reformatory is Anna Lee Sudderth, 52, Ironton, received July 27, 1951, for second-degree murder in the fatal shooting of Youland Born. Records indicate that she and her husband, a preacher, quarreled with Borne over alleged misuse of a church.

Try and Stop Me

By BENNETT CERF

THEY TELL of a young sailor who was a guest at the Marine Corps birthday ball and engaged in a frenzied and abandoned dance with his pert, slender young partner despite the fact that the floor was packed.

Three times the sailor flung his girl straight at a master sergeant who was dancing a sedate one-step with his 200-pound wife. Three times the master sergeant bore the onslaught with surprising good humor, but the fourth time he blew his top.

"Son," he bellowed, "if you hit me with that woman once again, I'm going to clobber you with this one."

A visitor to a New England farmhouse became embarrassed when the ten-year old girl of the family kept circling slowly around his chair. "What on earth are you doing that for, little girl?" he asked finally. "I'm looking for the word," she explained. "What word?" he demanded. "Mama says," she explained, "that if any man has 'henpeck' written all over him, it's you."

Dear Doctor: Do sunflower seeds contain special vitamins that darken gray hair?

Mrs. L. B.
Dear Mrs. B.: Like string beans and some seeds, sunflower seeds contain most B vitamins. One B vitamin, PABA (par-aminobenzoic acid), occasionally darkens graying hair. Sunflower seeds add little to the vitamin-B-rich American diet.

Dear Doctor: Since my ovaries were removed 18 months ago, I've taken hormone injections every few weeks. Can these extra hormones cause cancer?

Mrs. I. K.
Dear Mrs. K.: You're not taking extra hormones — you're merely replacing those that are missing. Too many female hormones — sometimes worsen womb and breast cancer. Male hormones speed the growth of prostate cancer.

That white paper containing your doctor's prescription should shield you from cancer-causing overdoses!

Dear Doctor: Tobacco smoke gave me headaches and nausea. It makes my son fall unconscious. Tests show he's highly allergic to tobacco. Can anything help?

Mrs. A. R.
Dear Mrs. R.: Like your son, you're probably allergic to tobacco. Perhaps antihistamine medicines can block the allergy and clear up your smoky problem. An electronic purifier may whisk smoke from the air.

With a series of shots, a allergy specialist may be able to dull the tobacco sensitivity. Then you won't have to burn when someone else smokes!

Dear Doctor: I drool if I don't stop to swallow saliva when I speak or read aloud. Can anything help?

Mrs. W. N.
Dear Mrs. N.: Older salivary glands often shift into high gear. Drugs like mercury or arsenic, a mouth infection, jagged teeth, loose dentures — even excessive smoking — can stir up pools of saliva.

Your doctor can prescribe mouth-drying medicines to slow your salivary glands. But he'll

What Do Young Brides Know of Economics?

By ELEANOR ROSS
More than one million young women will wed this year. But in some things, many will be unprepared.

Most mothers and many schools "tell all" today — when it comes to the "birds and bees." But they sidestep the acts of life about money.

Family Financier
Yet it is the housewife who, today, handles the finances in most families. And we have that on the authority of none other than the American Bankers' Association. For in the space age, it would seem, the housewife is no longer just cook, bottle-washer and companion to her mate. She is the family financier, too.

So if you plan to marry, learn the economics of home economics say the bankers. Or if you have a daughter being married, tell her all. The housewife these days is an economist and practices economics every day of her married life.

As a housewife, young woman, you will take money in and pay money out. But much beyond that, you will help make decisions on credit, home location and expansion. All sorts of questions will be threshed out.

Should you buy a new house new or wait until later? Will a new rug

for the living room cost less in six months — or maybe more? You will shop and watch prices. Your family will have income, outgo, working capital, assets, liabilities, investments, one-year plans and 20-year plans.

The "Real Thing"
Of course, as a housewife, the economics are personal and family. But for all that, it will still be the "Real Thing", but on a minor scale.

To that end the austere but very sympathetic officers of the American Bankers' Association have drawn up a ten-point plan designed to start and keep marriage on a sound financial footing. We're glad, because money troubles have away of wrecking even the most promising marriage.

So, next time, we'll give you the ten-point plan.

Dear Abby...

By Abigail VanBuren

New Switch to Old Angle!

DEAR ABBY: When there is an office party, the wives are invited, which I think is fine. They always have music for dancing, but my husband spends the entire evening dancing with the boss' wife. He says it makes a big hit with the boss because the boss is then free to have himself a ball with the cute young things. You see, the boss doesn't care to dance with his own wife, and he can't very well leave her sitting while he dances with others. My husband doesn't worry about whether I am sitting alone or dancing. I am all for my husband being well-liked by his boss, but I do not go for this kind of apple-polishing. How should I handle it, Abby?

"TWINKLE TOES" "WIFE
DEAR ABBY: Tell "Twinkle Toes" that he doesn't need "polished apples" for the apple sauce he's giving you. No husband should leave his wife sitting alone the entire evening while he dances with someone else.

DEAR ABBY: My daughter is crazy over horses. I don't hate them, but I am sick of hearing

about them. She doesn't walk, she gallops, trots or canters. She whinnies around the house, and spends every spare moment reading horse stories, or drawing pictures of horses. She is 12 years old, and I would like some practical advice on how to get her off her mind. We live in the city so I don't know where she got so horse crazy.

WORRIED MOTHER
DEAR MOTHER: Don't worry. The mind of a 12-year-old could be filled with far more worrisome things than horses. It's only a phase. If she still whinnies and trots when she is 18, let me know.

DEAR ABBY: I asked a friend of mine to go shopping with me because I wanted a new dress. She found a very cute one on the sale rack, but instead of turning it over to me, she bought it herself. We wear the same size, and there wasn't another like it in the store. She had no intention of buying a dress until she saw that one. What do you think of a friend like that? It broke up our friendship.

NO DRESS
DEAR NO: Your "friend" was either greedy, or extremely thoughtless. But if an incident as petty as that could break up your friendship, it must have been pretty weak in the seams. Next time you go shopping—go solo.

CONFIDENTIAL TO SIS: The fault no child ever loses is the one for which he is punished most.

"Are things rough?" Let Abby help you solve your problem. For a personal reply, enclose a stamped, self-addressed envelope and send to Box 3365, Beverly Hills, Calif.

NO WAY OUT—You may need a ladder to help a lady out of her coat this winter, judging from this Paris model by Madame Gres. The scarlet wool number scans normally until you get down to the hem, where the buttons run out. Actually it's designed for no-blow-open warmth, complemented with seal lining in sleeves, hood.

PARIS LAYS THE LAW DOWN—Fall and winter fashions are shown in Paris with a hint of what is in store for style-conscious women. A "little" suit in black-flecked gold tweed (left) was designed by Jules Grahay for Nina Ricci. It has a hipbone jacket with short, slightly-gathered skirt. Lanvin-Castillo pulls a reverse switch (center) by closing a honey beige cashmere wool coat in the back, where it breaks into a flaring cape. Marc Bohan of Christian Dior uses silver to pale green to gold beaded fringe (right) for a dramatic evening sheath with sound effects.

What Do Young Brides Know of Economics?

By ELEANOR ROSS
More than one million young women will wed this year. But in some things, many will be unprepared.

Most mothers and many schools "tell all" today — when it comes to the "birds and bees." But they sidestep the acts of life about money.

Family Financier
Yet it is the housewife who, today, handles the finances in most families. And we have that on the authority of none other than the American Bankers' Association. For in the space age, it would seem, the housewife is no longer just cook, bottle-washer and companion to her mate. She is the family financier, too.

So if you plan to marry, learn the economics of home economics say the bankers. Or if you have a daughter being married, tell her all. The housewife these days is an economist and practices economics every day of her married life.

As a housewife, young woman, you will take money in and pay money out. But much beyond that, you will help make decisions on credit, home location and expansion. All sorts of questions will be threshed out.

Should you buy a new house new or wait until later? Will a new rug

for the living room cost less in six months — or maybe more? You will shop and watch prices. Your family will have income, outgo, working capital, assets, liabilities, investments, one-year plans and 20-year plans.

The "Real Thing"
Of course, as a housewife, the economics are personal and family. But for all that, it will still be the "Real Thing", but on a minor scale.

To that end the austere but very sympathetic officers of the American Bankers' Association have drawn up a ten-point plan designed to start and keep marriage on a sound financial footing. We're glad, because money troubles have away of wrecking even the most promising marriage.

So, next time, we'll give you the ten-point plan.

Miss Mary Howard, Mrs. Olan Bostwick, Mrs. Erma Stevenson, Mrs. Defenbaugh, and Dr. Conrad. Mrs. James Ullman, president of the local club, was a guest.

Mrs. Caudill Honored at Bridal Shower

Mrs. Robert Caudill was honored at a bridal shower given yesterday by Mrs. John Beougher, 335 Brown St. Assisting were Mrs. Ronald E. Arledge and Mrs. Philip Schobeloch.

Gifts were placed on a table decorated with pink and blue streamers showered over by a white wedding bell.

Bridal games were played and prizes were awarded to Misses Marilyn Gaines and Pat Dresbach, Mrs. Robert Loy and Mrs. Larry Dietrich.

Following the opening of gifts, a salad course was served to the following guests:

Soviet Pushes Development Of Vaccines

By THE ASSOCIATED PRESS
Vaccines in the Soviet Union, heart attacks in middle-aged smokers, and how to know a good fish when you see one are subjects for focus on health: Soviet Push Vaccines

The Soviet Union is pushing development of various vaccines against influenza, mumps and respiratory infections, say U.S. doctors after a recent trip to the U.S.S.R.

The Soviet Union is preparing a billion doses of live-virus, oral polio vaccine from seed viruses obtained from Dr. Albert Sabin. Some of these doses are to be referred to other countries, scientists report.

Most other Soviet vaccines reported also involve live viruses as opposed to killed virus vaccines used widely in the United States. Soviet researchers say they have a live-virus mumps vaccine which has been given to 50,000 children by injection with good response. The Heavy Smoker

Why are death rates from heart attacks among middle-aged men up to 1½ times as high for heavy cigarette smokers as for non-smokers?

The American Heart Association's newsletter says a possible explanation may exist in a study by a Philadelphia research team. The team found that two cigarettes smoked within 10 minutes raised the level of some fats in the blood—and the effect lingered for at least 40 minutes.

Perhaps nicotine from smoking stimulates the nervous system and the adrenal glands to release a form of adrenalin that frees fats from storage areas in the body, researchers suggest.

It could explain why smokers have higher levels of cholesterol in their blood. Cholesterol is a blood fat which is suspected of contributing to heart disease by clogging and narrowing arteries. Good Fish or Bad?

During these hot summer days when the ardent fisherman in the family brings home his catch, you might ask for health's sake if he can tell a good fish from a spoiled one.

The Connecticut State Department of Health offers guides. Among them: Good fish have bright red gills, usually closed. Eyes are bright and full. Scales are adherent. Body is stiff and tail rigid. Flesh is firm. The fish sinks in water. Bad fish float, have dull, opaque eyes; pale gray or yellowish brown gills, a soft and limp feel.

Kentucky Man To Face Jury

A 28-year-old Kentucky man, wanted by law officers in three states, will face forgery charges before the Pickaway County Grand Jury next month as the result of a preliminary hearing in Circleville Municipal Court.

Thomas Tinch Jr., alias Roy Miller, of Jackson, Ky., has been bound to the jury under \$5,000 bond by Judge Sterling Lamb.

Tinch was apprehended last week by Pickaway County Sheriff Walton W. Spangler on a charge of issuing checks with no account.

Spangler said further investigation disclosed Tinch was wanted by the Federal Bureau of Investigation on a charge of auto larceny, by Richmond, Ind., authorities on charges of forgery and by Florida authorities for auto larceny.

Sheriff Spangler said Tinch has numerous aliases, the most recent being Roy Miller.

According to the sheriff, Tinch (Miller) was wanted by Florida authorities for theft of an auto he supposedly rented April 2 from the Mears Motor Livery Corp. in Orlando.

The affidavit here was filed by Tom Brannon of Brannon's service station, 906 N. Court St.

Miss Grace Minshall and Misses Nell, Hazel and Sara Ridgeway returned Thursday after visiting with Mr. and Mrs. Harry Parker and family of Magnolia, O. On Wednesday evening they attended the ball game at Cleveland.

On Saturday, Miss Susi Sweet had as a guest Miss Virginia Dingus of near Mt. Sterling.

Mrs. Bertha Graham was Sunday dinner guest of the Herb Southward family in Circleville. In the afternoon, Mrs. Southward and daughters Brenda and Vicki and Mrs. Graham called on Mr. and Mrs. C. E. Hill in Williamsport.

Mrs. Nelle Bauhan attended the wedding on Friday evening of Miss Sue Porter and Mr. Donald Redman, son of Mrs. Bernard Redman of Reynoldsburg. On Sunday she spent the day with the Tommy Timmons family of Worthington.

Mrs. Mildred Kauffman is in Mt. Carmel Hospital where she underwent surgery last Monday. She is in room 428.

Mr. and Mrs. Wayne Mathys and son, Jimmie, were guests at the home of Mr. and Mrs. John Looney on Sunday.

A picnic was given at Gold Cliff near Circleville last Sunday for Derby Little League players and their families.

Soviet-Bound Ohio Ex-GI Changes Mind

AKRON, Ohio (AP)—A former Marine who said he planned to take his wife and six children to Russia to live because he was dissatisfied with the United States said Tuesday he'd decided to stay here.

Lloyd M. Hatch, 36, an unemployed construction worker from nearby Cuyahoga Falls, said he was in Washington Saturday but did not get into the White House. Later he talked with FBI officials who had no comment on the conference. He said he did not visit the Soviet Embassy, although he had said last week he planned to make that call.

Hatch said he would remain at his home in nearby Cuyahoga Falls and carry on his protest against the things he had said motivated him to want to emigrate to the Soviet Union. He had said he was fed up with what he called the American rat race in which money means everything.

When he talked with the FBI in Washington, he told them he had received a number of letters from persons who shared in his dissatisfaction, Hatch said.

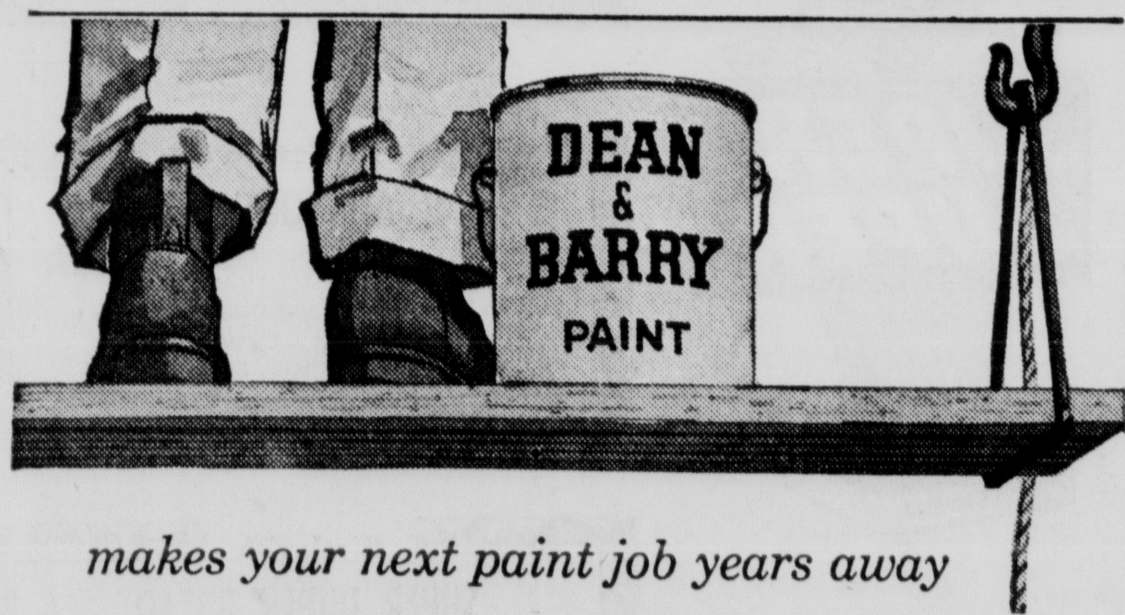

'Nothing' Art Exhibit Gets Same from Judges
DU QUOIN, Ill. (AP)—"Nothing" was the title of an entry by Dale Stewart in the Du Quoin State Fair art exhibit. It was a picture frame with nothing in it. The judges, handing down their decision, attached to the frame the comment: "We have 'nothing' for you."

'Nothing' Art Exhibit Gets Same from Judges

DU QUOIN, Ill. (AP)—"Nothing" was the title of an entry by Dale Stewart in the Du Quoin State Fair art exhibit. It was a picture frame with nothing in it. The judges, handing down their decision, attached to the frame the comment: "We have 'nothing' for you."

Band Mothers Show Friday Brings Back Fond Memories

When the Circleville High School Band moves onto the gridiron during Friday night's Band Mothers Preview, it probably will bring back many fond memories for CHS bandmen of the past.

The CHS Band was organized Jan. 19, 1931, composed of 67 members under the able direction of C. F. Zaenglein. Organization was accomplished in co-operation with the board of education which furnished racks and music.

Rapid advancement was made through constant practice and drills on the part of the director and the band members.

On Decoration Day of 1931, Circleville residents had their first look at the band in action. Members proudly displayed new uniforms consisting of caps and capes worn with white duck pants and shirts and black ties.

MEMBERS of the first band were:

Henry Bartholomew, Robert Elsea, Everett Ferguson, James Lyle and Ned Plum — altos.

Clarence Barnhart — baritone; Lutz Ashbrook, Thomas Stofor — basses; Franklin Crites — bass drum.

Cecil Andrews, Dale Ankrom, Eugene Barthelmas, Charles Davis, Harold Doan, Denver Greenlee, Richard Hernly, Waldo Hilliard, Terry Hitchcock, Charles Jackson, Dudley Mills, Junior Ruff, Clinton Strawser, Carl Teegarden, Robert Watt, Monroe White, Donald Wolf — clarinets.

William Barthelmas, Jack Chalfin, William Crist, Junior Helweg, Ned Hitchcock, Roy Holloway, Mary May, Charles Rader, Gaylord Rose — saxophones. William Ashbrook, Kenneth Davis, Paul Davis, Harold Dresbach, Billy Kellstadt — snare drums.

Charles Brown, Virginia Caskey, Charles Glitt, Ned Harden, Elwood Lewis, John McGinnis, Dick Plum, Dale Reichelderfer, Roderick Watts — trombones.

Howard Ater, Harold Baughman, Robert Davis, Jack Fores-

man, Robert Friece, Arthur Goodman, Gaylord Greenlee, Ned Griner, Raymond Hill, Harry Hosler, George Jenkins, Donald May, Charles Plum, George Roth, Lloyd Truex, Paul Weaver, Vernon Weller — trumpets.

The first drum major for the band was Robert Wilson who was named in 1932.

Other interesting events through the years include:

1933 — A band festival was held in Memorial Hall with Dr. Frank Simon as guest conductor. A Junior Band and Beginners Band were formed.

1934 — The CHS Band became a member of the Central Ohio High School Band Assn. Drum major from 1934-36 was Jane Littleton.

1936 — Band members were commended for their excellent program broadcast over a Columbus radio station.

1937 — Drum major for 1937-39 was Pete Dewey.

1938 — The band marched at the Jackson Apple Festival.

1940—New uniforms were obtained through a drive directed by Ray Rowland, a member of the board of education. The cost was \$2,600. The band numbered 57 members. Jane Colville served as drum major in 1940-41.

1942 — This marked the first year for a corps of majorettes. Members were Hilda Rhoades, Ann Snider and Jo Doolittle. Drum major from 1942-45 was Maxine Friedman.

1946 — The band marched in Pumpkin Show and other parades here, performed in Chillicothe and Columbus and entertained fans at local football games. Ann Snider was the drum major.

1947 — Rosemary Barthelmas served as drum major the first semester and Marilyn Schumm the second term.

1948 — Dolores Elsea was the drum major. Truman Eberly was hired as the new band director. New drum major and majorette outfits, plus new hats and 11 pairs of trousers were purchased. The Booster and Rotary Clubs launched a drive to buy new instruments and equipment. Edward Wolf was a featured baritone soloist.

1949-50 — A new complete uniform was purchased for Drum Major Ronald Melvin. The instrument drive provided an oboe, a bassoon, a baritone saxophone, a Sousaphone, a pair of cymbals and two French horns. The band numbered 68 members.

1950-51 — The drum major again was Ronald Melvin. A bass clarinet was purchased through the Band Fund. Jim Bartholomew was a featured trumpet soloist.

1951-52 — Drum major was Phyllis Dresbach. The band presented a concert in its drive for new uniforms and also sponsored a concert by the Capital University Band. The Band Mothers organization was formed under the chairmanship of Mrs. V. D. Kerns. The band included 71 members. Charles Magill was featured trombone soloist.

1952-53—Phyllis Dresbach again was drum major. New uniforms were secured in time for football season following a successful drive which was aided by local merchants and the Pumpkin Show Assn. New school and national flags were donated.

1953-54—Phyllis Dresbach again was at the helm as drum major. Rehearsal facilities were made available through completion of the Industrial Arts Building wing. A portable power megaphone was purchased as an aid for the band director in conducting outside drills.

1954-55 — Beverly Elsea served as drum major. Two Scotch Bass drums and two new sousaphones were purchased. Featured saxophone soloist was Joe Caldwell.

1955-56 — The drum major was Linda Dresbach. The CHS unit joined with the Community Band for a concert in the new gymnasium. A new baritone was purchased through the Band Fund. Membership swelled to 80.

1956-57 — Susan Stocklen was named drum major for the 83-

piece unit. Director Eberly attended the Midwest Band Clinic in Chicago. The Junior Band obtained lettered Red and Black jackets for the first time.

1957-58 — Mary Ann Edstrom served as drum major. Awards and medals were presented at a Band Banquet. A combination director's stand and folio and percussion cabinets were purchased.

1958-59 — Drum Major was Sally Montgomery. The group of majorettes attended the Peggy Roan Majorette Camp during the summer. An aluminum field podium was purchased.

1959-60 — Drum major was Judy Routzahn. Seven matched red pearl field drums were purchased. Gary Dean was featured saxophone soloist.

1960-61 — Dorothea Kutler was drum major. The local New Car Dealers Assn. donated a new 50-star flag to the unit. Band Mothers ordered 100 new uniforms.

1961-62—Karen O'Donnell is the present drum major. Membership has reached an all-time high of 95. New uniforms to be worn this year represent the first style change in 22 years.

Beauty Pageant At Fair Slated

Ohio Queen Due For Honor Thursday

COLUMBUS, Ohio (AP) — The Ohio State Fair has taken on some semblance of a Miss America pageant. Tuesday 55 girls who won beauty and talent contests around the state arrived to compete in the "Queen of Queens" contest.

The attractive aggregation were introduced at a banquet Tuesday night and one of them will be awarded the crown of crowns Thursday night.

Fair officials said at least a half-million people attended the fair during the first four days — the same total as walked over the north-Columbus fairgrounds during the entire eight-day run last year.

As for paid admissions, the total through Monday night was 169,144, compared with 151,950 for the same period of 1960.

Today's program saluted the two state officials who presently share the responsibility for the fair — Agriculture Director Robert H. Terhune and Fair Manager Rowland Bishop.

George Lindsey, assistant manager in charge of concessions and space, said two concessions were closed over the weekend for unscrupulous practices.

He said one was a game in which targets supposedly could be knocked over by throwing balls accurately. The targets, however, were hinged so that, when struck, they snapped back upright, Lindsey said. The other closing involved misrepresentation of merchandise.

Fostorian's Body Found

MONROE, Mich. (AP) — The body of Kenneth J. Levan, 28, of Fostoria, Ohio, was found in Lake Erie Tuesday a mile off Bolles Harbor. Levan drowned Sunday trying to rescue Miss Joanne Daily, 22, of Columbus, who fell from a boat and drowned.

Aspirin Kills Girl, 3

YOUNGSTOWN, Ohio (AP) — Mary Ann Johnson, 3, died of aspirin poisoning Saturday in South Side Hospital, it was ruled Tuesday. The coroner said the child swallowed more than 30 aspirin tablets.

The city of St. Charles was the capital of Missouri when the state was admitted to the union in 1820. The original capitol building still stands on South Main Street.

Rosalind Russell Prescribes Getting Up Half-Hour Early

HOLLYWOOD (AP) — Feeling hurried, harried and harassed? Dr. Rosalind Russell has the solution.

It's astonishingly simple: get up a half-hour early in the morning.

This year she is hurtling through three diverse and difficult film roles: in "Majority of One," "Five Finger Exercise" and "Gypsy." She plays a Jewish matron, a five-letter female and a voracious stage mother, respectively, and she'll have to dance and belt songs as the latter.

She still manages to maintain civic work, a writing career and a serene household for husband Freddie Brisson and their son Lance, 18.

How does she do it?

"By rising a half-hour before I normally would," she explained. "You'd be surprised what a difference that makes. The morning is a peaceful time, and you have a chance to think over your whole day. You can have a relaxed and sizable breakfast, which is very important for getting you through the day."

"You don't miss that extra half-hour of sleep. Sleep is highly overrated. I used to worry because I would lie awake at night. I told my doctor and he said, 'Several million other people are lying awake at the same time.'"

He told me to get up and sort the linen or straighten out a drawer or do some other useful but dull task, then go back to bed. I tried it, and it works."

Roz has another regimen to keep life in the proper proportion. That's a quiet hour at the end of the day. She and Freddie sit down for cocktails and conversation. There are no interruptions and no shop talk, even though he is her producer on her current "Five Finger Exercise."

"We don't talk movie business unless it is something funny," she said. "Mostly we talk about people."

Sanford Stephens of Minnesota set a Big Ten record last season when he caught three interceptions in the game against Wisconsin.

1954-55 — Beverly Elsea served as drum major. Two Scotch Bass drums and two new sousaphones were purchased. Featured saxophone soloist was Joe Caldwell.

1955-56 — The drum major was Linda Dresbach. The CHS unit joined with the Community Band for a concert in the new gymnasium. A new baritone was purchased through the Band Fund. Membership swelled to 80.

1956-57 — Susan Stocklen was named drum major for the 83-

man, Robert Friece, Arthur Goodman, Gaylord Greenlee, Ned Griner, Raymond Hill, Harry Hosler, George Jenkins, Donald May, Charles Plum, George Roth, Lloyd Truex, Paul Weaver, Vernon Weller — trumpets.

The first drum major for the band was Robert Wilson who was named in 1932.

Other interesting events through the years include:

1933 — A band festival was held in Memorial Hall, with Dr. Frank Simon as guest conductor. A Junior Band and Beginners Band were formed.

1934 — The CHS Band became a member of the Central Ohio High School Band Assn. Drum major from 1934-36 was Jane Littleton.

1936 — Band members were commended for their excellent program broadcast over a Columbus radio station.

1937 — Drum major for 1937-39 was Pete Dewey.

1938 — The band marched at the Jackson Apple Festival.

piece unit. Director Eberly attended the Midwest Band Clinic in Chicago. The Junior Band obtained lettered Red and Black jackets for the first time.

1957-58 — Mary Ann Edstrom served as drum major. Awards and medals were presented at a Band Banquet. A combination director's stand and folio and percussion cabinets were purchased.

1958-59 — Drum Major was Sally Montgomery. The group of majorettes attended the Peggy Roan Majorette Camp during the summer. An aluminum field podium was purchased.

1959-60 — Drum major was Judy Rautzahn. Seven matched red pearl field drums were purchased. Gary Dean was featured saxophone soloist.

1960-61 — Dorothea Kutler was drum major. The local New Car Dealers Assn. donated a new 50-star flag to the unit. Band Mothers ordered 100 new uniforms.

1961-62 — Karen O'Donnell is the present drum major. Membership has reached an all-time high of 95. New uniforms to be worn this year represent the first style change in 22 years.

Beauty Pageant At Fair Slated

Ohio Queen Due For Honor Thursday

COLUMBUS, Ohio (AP) — The Ohio State Fair has taken on some semblance of a Miss America pageant. Tuesday 55 girls who won beauty and talent contests around the state arrived to compete in the "Queen of Queens" contest.

The attractive aggregation were introduced at a banquet Tuesday night and one of them will be awarded the crown of crowns Thursday night.

Fair officials said at least a half-million people attended the fair during the first four days — the same total as walked over the north-Columbus fairgrounds during the entire eight-day run last year.

As for paid admissions, the total through Monday night was 169,144, compared with 151,950 for the same period of 1960.

Today's program saluted the two state officials who presently share the responsibility for the fair — Agriculture Director Robert H. Terhune and Fair Manager Rowland Bishop.

George Lindsey, assistant manager in charge of concessions and space, said two concessions were closed over the weekend for unscrupulous practices.

He said one was a game in which targets supposedly could be knocked over by throwing balls accurately. The targets, however, were hinged so that, when struck, they snapped back upright, Lindsey said. The other closing involved misrepresentation of merchandise.

1953-54 — Phyllis Dresbach again was at the helm as drum major. Rehearsal facilities were made available through completion of the Industrial Arts Building wing. A portable power megaphone was purchased as an aid for the band director in conducting outside drills.

1954-55 — Beverly Elsea served as drum major. Two Scotch Bass drums and two new sousaphones were purchased. Featured saxophone soloist was Joe Caldwell.

1938 — The band marched at the Jackson Apple Festival.

1940 — New uniforms were obtained through a drive directed by Ray Rowland, a member of the board of education. The cost was \$2,600. The band numbered 57 members. Jane Colville served as drum major in 1940-41.

1942 — This marked the first year for a corps of majorettes. Members were Hilda Rhoades, Ann Snider and Jo Doolittle. Drum major from 1942-45 was Maxine Friedman.

1946 — The band marched in Pumpkin Show and other parades here, performed in Chillicothe and Columbus and entertained fans at local football games. Ann Snider was the drum major.

1947 — Rosemary Barthelmas served as drum major the first semester and Marilyn Schumm the second term.

1948 — Dolores Elsea was the drum major. Truman Eberly was hired as the new band director. New drum major and majorette outfits, plus new hats and 11 pairs of trousers were purchased. The Booster and Rotary Clubs launched a drive to buy new instruments and equipment. Edward Wolf was a featured baritone soloist.

1949-50 — A new complete uniform was purchased for Drum Major Ronald Melvin. The instrument drive provided an oboe, a bassoon, a baritone saxophone, a Sousaphone, a pair of cymbals and two French horns. The band numbered 68 members.

1950-51 — The drum major again was Ronald Melvin. A bass clarinet was purchased through the Band Fund. Jim Bartholomew was a featured trumpet soloist.

1951-52 — Drum major was Phyllis Dresbach. The band presented a concert in its drive for new uniforms and also sponsored a concert by the Capital University Band. The Band Mothers organization was formed under the chairmanship of Mrs. V. D. Kerns. The band included 71 members. Charles Magill was featured trombone soloist.

Rosalind Russell Prescribes Getting Up Half-Hour Early

HOLLYWOOD (AP) — Feeling hurried, harried and harassed? Dr Rosalind Russell has the solution.

It's astonishingly simple: get up a half-hour early in the morning.

This year she is hurtling through three diverse and difficult film roles: in "Majority of One," "Five Finger Exercise" and "Gypsy." She plays a Jewish matron, a five-letter female and a voracious stage mother, respectively, and she'll have to dance and belt songs as the latter.

She still manages to maintain civic work, a writing career and a serene household for husband Freddie Brisson and their son Lance, 18.

How does she do it?

"By rising a half-hour before I normally would," she explained.

"You'd be surprised what a difference that makes. The morning is a peaceful time, and you have a chance to think over your whole day. You can have a relaxed and sizable breakfast, which is very important for getting you through the day."

"You don't miss that extra half-hour of sleep. Sleep is highly overrated. I used to worry because I would lie awake at night. I told my doctor and he said, 'Several million other people are lying awake at the same time.'"

He told me to get up and sort the linen or straighten out a drawer or do some other useful but dull task, then go back to bed. I tried it, and it works."

Roz has another regimen to keep life in the proper proportion. That's a quiet hour at the end of the day. She and Freddie sit down for cocktails and conversation. There are no interruptions and no shop talk, even though he is her producer on her current "Five Finger Exercise."

"We don't talk movie business unless it is something funny," she said. "Mostly we talk about people."

Sanford Stephens of Minnesota set a Big Ten record last season when he caught three interceptions in the game against Wisconsin.

New Argentine Envoy Sought

Foreign Minister Too Talky, Is Fired

BUENOS AIRES, Argentina (AP)—President Arturo Frondizi hunted for a new foreign minister today to replace Adolfo Mugica, who talked too much.

Mugica had been on his way out since he reported a week ago that Cuban economic chief Ernesto Guevara and Richard Goodwin, President Kennedy's special assistant for Latin America, conferred at a party in Uruguay Aug. 16, shortly after the inter-American economic conference.

The foreign minister said the meeting lasted three hours and demonstrated Fidel Castro's regime is seeking better relations with Washington. Mugica told of the Guevara-Goodwin meeting in an effort to quiet military criticism of himself for arranging a subsequent meeting between Guevara and Frondizi. Mugica said Frondizi, by conferring with the pro-Communist Cuban, was only "acting in the same line as" the United States.

The service chiefs were not mollified, however, and demanded Kennedy's government said Guevara's meeting with Goodwin was only a chance encounter that lasted a few minutes and had no significance. Other Argentine officials expressed amazement that Mugica would use such a delicate international situation for domestic purposes.

Mugica said he resigned to avoid trouble between Argentina and the United States. But he insisted on the significance of the meeting, saying that Goodwin "could not have spoken for three hours with the Cuban minister without prior knowledge of his chief."

Mugica's resignation drew no comment from U.S. Secretary of State Dean Rusk.

The Cabinet change is not expected to have any bearing on Argentine foreign policy.

The president is believed to be looking for another foreign minister from the right, possibly a Roman Catholic politician, to stress Argentina's pro-Western policies.

Ike Is Ready To Aid Nixon In Election

GETTYSBURG, Pa. (AP) — Former Vice President Richard M. Nixon still isn't saying whether he'll run for governor of California, but if he does, he's assured the full support of his ex-boss, Dwight D. Eisenhower.

"If Mr. Nixon wants my advice about his running for governor of California, I'll be glad to give it to him," Eisenhower told newsmen Monday night as he and Nixon stood on the lawn of the general's farm near Gettysburg.

"If he decides to run and asks me to help him, I'll do everything I can to help him win," Eisenhower added.

Nixon stood firm on earlier statements that he will announce a decision on the California governorship sometime "between Sept. 15 and Oct. 1."

After talking to newsmen, Eisenhower and Nixon conferred privately during dinner and coffee.

At a news conference during the American Municipal Association's convention at Seattle, New York Gov. Nelson A. Rockefeller suggested Nixon run for governor.

"I think he'll like it," Rockefeller said. He added that he considered the former vice president as titular head of the GOP but added he did not believe in "monolithic parties."

State Auditor Makes Report on Ohio Utilities

Municipal - owned utilities throughout Ohio produced revenues of nearly \$102.5 million during the 1960 calendar year, it was reported today by State Auditor James A. Rhodes.

Rhodes' report was based upon a compilation of statistical data submitted by municipal fiscal officers dealing with the general operations of the 150 cities of the state during the year. (The 1960 census boosted the number of Ohio's cities to 192.)

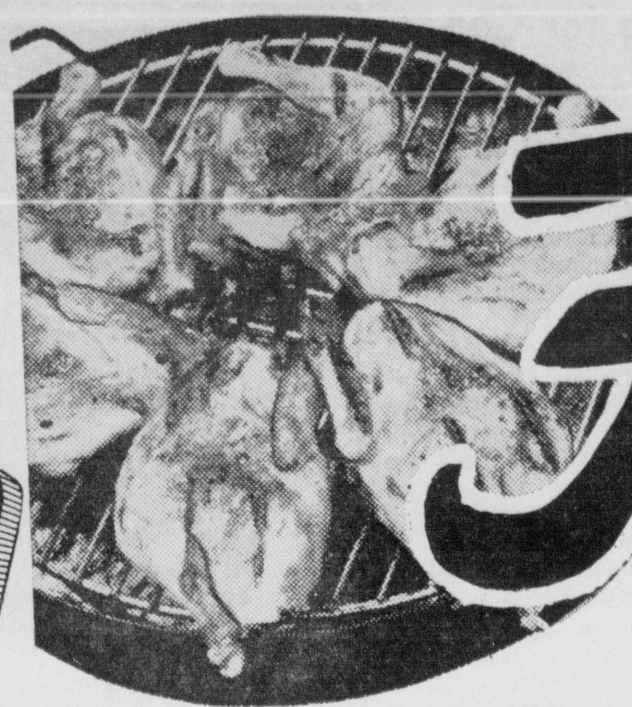

Receipts from the various water works systems operated by 115 cities amounted to \$69,818,803, while 29 municipal electric light plants brought in revenues totaling \$32,619,948. The combined operations produced \$102,438,751, for an increase of \$2,409,819, or 2.4 per cent over the receipts of \$100,028,932 during the previous year.

Expenditures for interest charges and general maintenance of the water works systems totaled \$42,849,904 while the cost of operation of the electric light and power plants was \$24,095,657.

The World Today

WASHINGTON (AP)—If speed were a meal-ticket, the diplomats would starve to death. For three years both sides have been in a slow dance on Berlin, pausing to parley. Now the music begins again.

This time the tune is a little different, more somber, because Premier Khrushchev sounds more determined. But once again the foreign ministers are beginning to shuffle toward another parley.

Whether this means another full-blown and long-drawn-out foreign ministers meeting or just a short one to be followed by another summit conference won't be known for a while.

But, as Khrushchev has kept on piling up the Berlin crisis, Secretary of State Dean Rusk has kept saying there'd be negotiations to settle the whole thing peacefully. Khrushchev has kept the door open for negotiations.

But slow as it all is French President de Gaulle wanted it still slower. He was against hurrying into a conference with the Soviets. So a kind of compromise was worked out.

In September the West's Big Four ministers—American, British, French, West German—are expected to meet in this country to decide how to handle Khrushchev. Then they'll contact his foreign minister, Andrei Gromyko.

The purpose: to see whether he thinks East-West talks would be worthwhile. It would be much simpler to send him a cable, asking that question, but apparently cables move too fast.

But one thing's for sure: If the foreign ministers—the Western ones by themselves or the Western ones with Gromyko—duplicate their performance of the past two years the answer will be a big, fat zero and maybe real trouble.

Khrushchev started the trouble in November 1958, when he called for the West to get out of Berlin. Between then and May 1959 both

sides had time to figure out a settlement—if they wanted one. Apparently they didn't.

The American, British and French foreign ministers met with Gromyko from May to August 1959, but they not only couldn't agree, they wound up in confessed confusion.

French Foreign Minister Couve de Murville said of Gromyko's tactics: "We are in complete confusion. We have reached a point at which neither side knows what the other is talking about."

The Westerners proposed, among other things, that Khrushchev agree to unification of East and West Germany. It didn't need a magician to know that's the last thing to which Khrushchev would let Gromyko agree.

So Gromyko said the Western proposals were a "hopeless tangle of unrelated issues." The West also wanted a five-year extension of the present Berlin situation. Russia offered only 18 months, with no promise of what happened afterwards.

This was such a total mess that, to calm down Khrushchev, President Eisenhower invited him to this country. After the two men met at Camp David they agreed to have a summit meeting in Paris May 16, 1960.

So, with more months in which to prepare for this the Western foreign ministers by themselves met in April 1960. Their purpose, then as now, was to work out strategy for handling Khrushchev.

The result: no new ideas. What they decided, if summed up in two words, was: Stand pat. This hardly set the stage for an amicable get-together with the Russians.

But an amicable get-together seemed to be all that De Gaulle and Eisenhower wanted. Both men in public statements played down the idea of solutions and talked of laying the groundwork for better East-West relations. But then the shooting down of

the American U2 spy plane threw Khrushchev into such a tizzy that he wrecked the summit conference as soon as it started. This was the speediest piece of diplomatic business in years.

But in 1958, 1959 and 1960 the West had better reason to think it could stall off Khrushchev than it has now. Then he was just talking big. Now he has shut off East Berlin and in effect tells the West it had better talk turkey in 1961.

Columbus Attorney Gets U.S. Position

COLUMBUS, Ohio (AP)—Robert A. Bell, 35, Columbus attorney, today became an assistant to Joseph P. Kinneary, U.S. attorney for the Southern District of Ohio.

Atty. Gen. Robert F. Kennedy appointed Bell to the post. U.S. District Judge Mell G. Underwood administered the oath of office.

Bell's wife is the former Rosemary O'Donnell, daughter of Ray O'Donnell, who served as U. S. attorney for the southern district.

A graduate of Ohio State University and Franklin University Law School, Bell was a fighter pilot in World War II and was chairman of the Citizens for Kennedy and Johnson Committee in Franklin County in the 1960 presidential campaign.

Giant Floating Dock Is Moved by Russians

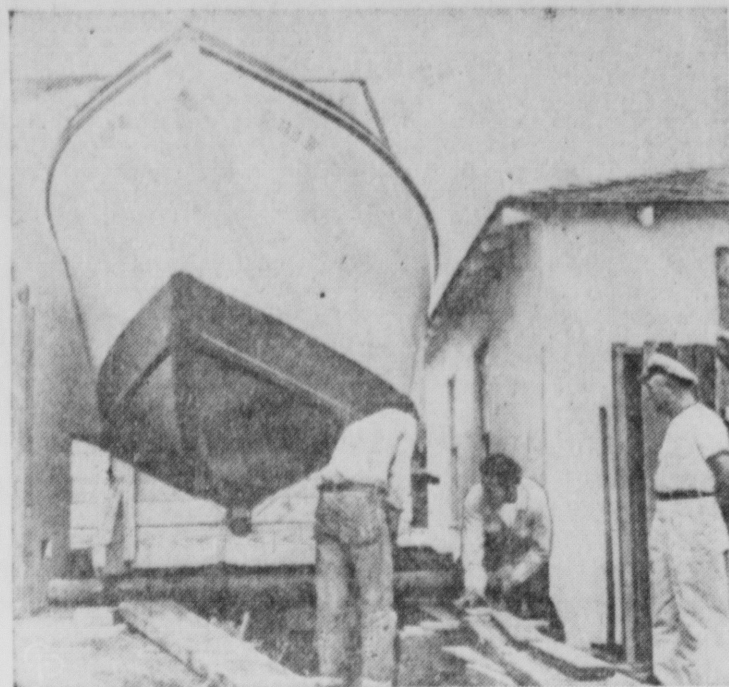

MOSCOW (AP)—Soviet ships have towed a giant floating dock with a displacement of 72,000 tons from the Baltic to the Black Sea in what the publication Water Transport called an unparalleled feat in nautical history.

The 5,200-mile voyage took 63 days and much of the trip was made in rough weather.

The dock is to be used at the Black Sea port of Ilyichevsk, near Odessa.

Hearing for Cop Is Due on Sept. 7

COLUMBUS, Ohio (AP)—The preliminary hearing scheduled today for Columbus police Patrolman Peter J. Souch, charged with second-degree murder, has been continued in Municipal Court to Sept. 7.

Souch is charged with the fatal shooting of Jimmie Charles Coleman, 25, Aug. 19. The policeman was on cruiser patrol duty when he saw Coleman drive into the rear of a residence. When Souch sought to question Coleman, police said the man ran, and when he failed to heed warnings to halt, the policeman fired.

The charge was filed by Coleman's father, Orbin Coleman, 47, Canada, Ky. The victim of the shooting is a former resident of Pikeville, Ky.

The World Today

WASHINGTON (AP)—If speed were a meal-ticket, the diplomats would starve to death. For three years both sides have been in a slow dance on Berlin, pausing to parley. Now the music begins again.

This time the tune is a little different, more somber, because Premier Khrushchev sounds more determined. But once again the foreign ministers are beginning to shuffle toward another parley.

Whether this means another full-blown and long-drawn out foreign ministers meeting or just a short one to be followed by another summit conference won't be known for a while.

But, as Khrushchev has kept on piling up the Berlin crisis, Secretary of State Dean Rusk has kept saying there'd be negotiations to settle the whole thing peacefully. Khrushchev has kept the door open for negotiations.

But slow as it all is, French President de Gaulle wanted it still slower. He was against hurrying into a conference with the Soviets. So a kind of compromise was worked out.

In September the West's Big Four ministers—American, British, French, West German—are expected to meet in this country to decide how to handle Khrushchev. Then they'll contact his foreign minister, Andrei Gromyko.

The purpose: to see whether he thinks East-West talks would be worthwhile. It would be much simpler to send him a cable, asking that question, but apparently cables move too fast.

But one thing's for sure: If the foreign ministers—the Western ones by themselves or the Western ones with Gromyko—duplicate their performance of the past two years the answer will be a big, fat zero and maybe real trouble.

Khrushchev started the trouble in November 1958, when he called for the West to get out of Berlin. Between then and May 1959 both

sides had time to figure out a settlement—if they wanted one. Apparently they didn't.

The American, British and French foreign ministers met with Gromyko from May to August 1959, but they not only couldn't agree, they wound up in confessed confusion.

French Foreign Minister Couve de Murville said of Gromyko's tactics: "We are in complete confusion. We have reached a point at which neither side knows what the other is talking about."

The Westerners proposed, among other things, that Khrushchev agree to unification of East and West Germany. It didn't need a magician to know that's the last thing to which Khrushchev would let Gromyko agree.

So Gromyko said the Western proposals were a "hopeless tangle of unrelated issues." The West also wanted a five-year extension of the present Berlin situation. Russia offered only 18 months, with no promise of what happened afterwards.

This was such a total mess that, to calm down Khrushchev, President Eisenhower invited him to this country. After the two men met at Camp David they agreed to have a summit meeting in Paris May 16, 1960.

So, with more months in which to prepare for this the Western foreign ministers by themselves met in April 1960. Their purpose, then as now, was to work out strategy for handling Khrushchev. The result: no new ideas. What they decided, if summed up in two words, was: Stand pat. This hardly set the stage for an amicable get-together with the Russians.

But an amicable get-together seemed to be all that De Gaulle and Eisenhower wanted. Both men in public statements played down the idea of solutions and talked of laying the groundwork for better East-West relations.

But then the shooting down of

the American U2 spy plane threw Khrushchev into such a tizzy that he wrecked the summit conference as soon as it started. This was the speediest piece of diplomatic business in years.

But in 1958, 1959 and 1960 the West had better reason to think it could stall off Khrushchev than it has now. Then he was just talking big. Now he has shut off East Berlin and in effect tells the West it had better talk turkey in 1961.

Columbus Attorney Gets U.S. Position

COLUMBUS, Ohio (AP)—Robert A. Bell, 35, Columbus attorney, today became an assistant to Joseph P. Kinneary, U.S. attorney for the Southern District of Ohio.

Atty. Gen. Robert F. Kennedy appointed Bell to the post. U.S. District Judge Mell G. Underwood administered the oath of office.

Bell's wife is the former Rosemary O'Donnell, daughter of Ray O'Donnell, who served as U. S. attorney for the southern district.

A graduate of Ohio State University and Franklin University Law School, Bell was a fighter pilot in World War II and was chairman of the Citizens for Kennedy and Johnson Committee in Franklin County in the 1960 presidential campaign.

Giant Floating Dock Is Moved by Russians

MOSCOW (AP)—Soviet ships have towed a giant floating dock with a displacement of 72,000 tons from the Baltic to the Black Sea in what the publication Water Transport called an unparalleled feat in nautical history.

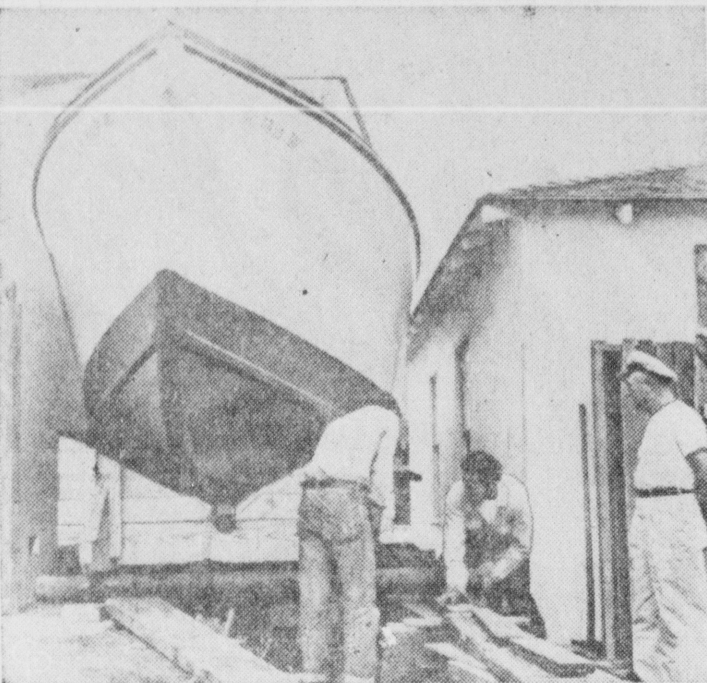

The 5,200-mile voyage took 63 days and much of the trip was made in rough weather.

The dock is to be used at the Black Sea port of Ilyichevsk, near Odessa.

NAGASAKI BOMBER — Brig. Gen. Charles W. Sweeney (above) has been summoned to active duty with the Massachusetts Air National Guard. He commands a fighter wing. If you have a long memory, you'll remember him as the man who dropped the atomic bomb on Nagasaki in World War II.

PUCO OKs B&O Firings after Crash

COLUMBUS, Ohio (AP) — The Utilities Commission has released a report in which it concurs with the finding of the Baltimore & Ohio railroad that negligence led to the head-on collision of two freight trains east of Zanesville July 29.

The PUCO report recommends that radiotelephone communications be installed on all freight trains as a means of preventing such accidents.

One crewman was killed and several injured in the crash and

major derailment. After a hearing here earlier this month, the B & O last week announced the dismissal of three crewmen.

At the earlier meeting, it was determined that the conductor of the train at fault was in the caboose when the engineer failed to comply with a written order to reduce the train's speed.

According to Charles Hammen, chief of the PUCO's railroad department, a communications setup such as he recommends would have enabled the conductor to remind the engineer of the order — which he testified "slipped his mind."

J. A. Curtis, assistant superintendent of the B & O's Newark

Division, said yesterday the commission suggestion warrants further study. But, he qualified, "such safety devices cost money, and money at this time is a major problem with the railroads."

Some trains already are equipped with radiotelephone systems, he noted.

Cleveland Admits

Setting \$1 Million Fire

ASHEVILLE, N.C. (AP)—Police Chief A. R. Sluder says a man held here has admitted setting fire to the Wilcox Transfer Co. warehouse in Cleveland last Thursday. The blaze destroyed the building and caused an estimated \$1 million damage.

The man, Robert Edward Davison, 35, of Cleveland, was arrested at the request of Cleveland police. Two officers from the Ohio city flew here with warrants charging Davison with arson. His brother, Joseph, is being held in Cleveland.

Willys Mum on Report Of New Type Vehicle

TOLEDO, Ohio (AP) — Officials of Willys Motors, Inc. have declined to comment on a report the firm is planning to introduce a revolutionary type vehicle next year. The Toledo Blade reported Tuesday that Edwin McCleary, the firm's vice president manufacturing, told 300 supervisory employees at a meeting that Willys was negotiating to borrow \$20 million to finance the new program. Details of the vehicle were not disclosed, the Blade said.

Cincinnati To Build His Own Fallout Shelter

CINCINNATI (AP) — Dr. John Ordway, a Cincinnati psychiatrist, has become the first Cincinnati to seek a permit to build a home shelter against atomic fallout. He said it won't be the first shelter in the city. He said others who have them are keeping it quiet because they might be mobbed in an attack, or they don't want others to think they panicked.

Free Drinks Banned in Welsh Saloons

CARDIFF, Wales (AP) — More than 5,000 bar keepers in Wales were warned today they may be breaking the law if they hand out on the house for the next six weeks.

The reason: An election will be held in six weeks to decide whether bars in Wales should open on Sundays.

Until then, publicans were warned, treating a customer to a free drink could be held to be an attempt to influence the vote and thus an infringement of the Corrupt Practices Act.

At present all bars are closed on Sundays in Wales.

Las Vegas Pays Gala Farewell To Famous 'Gamblers' Priest'

LAS VEGAS, Nev. (AP)—Outside Las Vegas' huge, sancer-shaped convention center, three Klieg lights swept the desert sky. A Great Dane dog stood lonely sentry duty in the back seat of a Cadillac convertible.

Inside, Las Vegas paid a glittering all-night farewell to its "gamblers' priest."

The Rev. Richard Crowley is being transferred after six years here to Springfield, Ill. His 4:30 a.m. Mass on Sundays for hotel employees and late-hour tourists in this 24-hour town plus his accessibility to the troubled have gained him wide affection.

The crowd of his "parishioners"

numbered 2,000 as the farewell party started Monday night and climbed higher this morning after shows let out and casino shifts changed on the nearby hotel strip. Some sat through the entire 5-hour party.

Automatic Shave Gadget Perfected by Japanese

TOKYO (AP)—A Japanese firm is marketing what it calls "the world's first automatic shaving device"—an electric razor that hums for five minutes when a 10-yen (2.8 cents) piece is dropped in the slot.

The company, Shinano Brothers, says the device, complete with sanitizing attachment, is designed for offices, factories, hotels, waiting rooms and public baths to meet the "current trend of the instant mood."

pearances included Peter Lind Hayes, Myron Cohen and singer Alice Lon. Other show personalities appearing on the strip sent their regrets that they couldn't attend.

"Tumbling acts, harmonica players and minor comedians entertained. A band of hotel musicians backed the show.

The Rev. Crowley, a slightly built Irishman took the stage and refused to accept credit for himself alone, sharing it with others of the Las Vegas clergy.

"These men have been doing exactly the same thing I've been doing," he told the audience, "but they haven't had as good a press as I."

The governor and the mayor sent congratulatory telegrams.

Father Crowley circulated through the crowd. He shook hands with chorus girls who hurried over between shows, heavy makeup still on their faces. Hotel

executives wished him well.

Other members of the Catholic clergy breathed a little easier after Father Crowley's early Mass was switched by the bishop's order from a hotel auditorium last month to a chapel some distance from the strip. The order came after a Catholic ban on bare bosom shows.

"Once he has left town that ends it," said a priest who asked to remain anonymous.

But Father Crowley said his successor would push ahead with plans for a new church a short distance off the strip.

"If they were all saints," he said of his flock, "we'd all be out of work."

Genghis Khan, who died in 1227, left little or nothing of lasting material value. Not a stone is standing at the site of his great capital, Karakorum.

Las Vegas Pays Gala Farewell To Famous 'Gamblers' Priest'

LAS VEGAS, Nev. (AP)—Outside Las Vegas' huge, saucer-shaped convention center, three bright lights swept the desert sky. A Great Dane dog stood lonely sentry duty in the back seat of a Cadillac convertible.

Inside, Las Vegas paid a glittering all-night farewell to its "gamblers' priest."

The Rev. Richard Crowley is being transferred after six years here to Springfield, Ill. His 4:30 a.m. Mass on Sundays for hotel employees and late-hour tourists in this 24-hour town plus his accessibility to the troubled have gained him wide affection.

The crowd of his "parishioners" numbered 2,000 as the farewell party started Monday night and climbed higher this morning after shows let out and casino shifts changed on the nearby hotel strip. Some sat through the entire 5 hour party.

Big names among the 64 entertainers who made brief stage appearances included Peter Lind Hayes, Myron Cohen and singer Alice Lon. Other show personalities appearing on the strip sent their regrets that they couldn't attend.

Tumbling acts, harmonica players and minor comedians entertained. A band of hotel musicians backed the show.

The Rev. Crowley, a slightly built Irishman took the stage and refused to accept credit for himself alone, sharing it with others of the Las Vegas clergy.

"These men have been doing exactly the same thing I've been doing," he told the audience, "but they haven't had as good a press as I."

The governor and the mayor sent congratulatory telegrams.

Father Crowley circulated through the crowd. He shook hands with chorus girls who hurried over between shows, heavy makeup still on their faces. Hotel executives wished him well.

Other members of the Catholic clergy breathed a little easier after Father Crowley's early Mass was switched by the bishop's order from a hotel auditorium last month to a chapel some distance from the strip. The order came after a Catholic ban on bare bosom shows.

"Once he has left town that ends it," said a priest who asked to remain anonymous.

But Father Crowley said his successor would push ahead with plans for a new church a short distance off the strip.

"If they were all saints," he said of his flock, "we'd all be out of work."

Genghis Khan, who died in 1227, left little or nothing of lasting material value. Not a stone is standing at the site of his great capital, Karakorum.

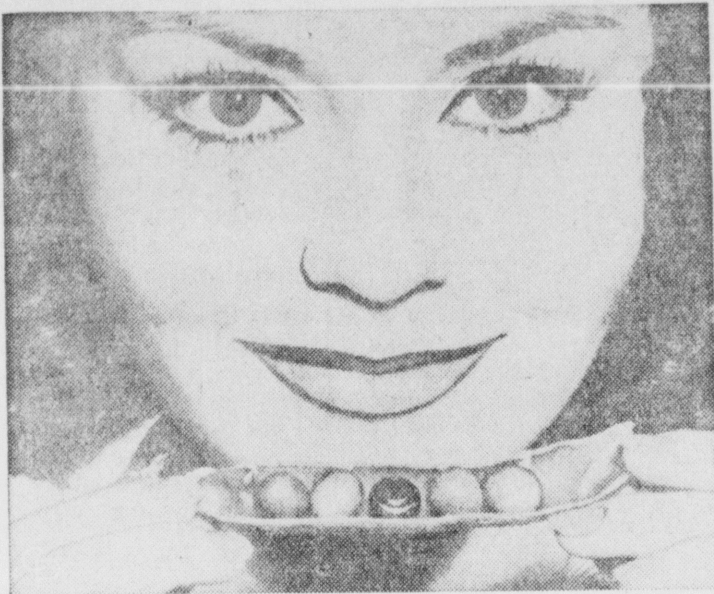

Automatic Shave Gadget Perfected by Japanese

TOKYO (AP) — A Japanese firm is marketing what it calls "the world's first automatic shaving device" — an electric razor that hums for five minutes when a 10-yen (2.8 cents) piece is dropped in the slot.

The company, Shinano Brothers, says the device, complete with sanitizing attachment, is designed for offices, factories, hotels, waiting rooms and public baths to meet the "current trend of the instant mood."

The team is to view films of the scrimmage soon and coaches will have an opportunity to point out mistakes and correct weaknesses.

BALL CARRYING was up from last week, despite the absence of Fred and Tom Moore who had pressing family obligations yesterday. The Tigers had to overcome several penalties on the way to the two TD triumph. More work should eliminate most of the errors, Benhase said.

Logan's Chiefs will journey here for a practice tilt set 9 a. m. Saturday. The Hocking Countians have been undergoing much the same sort of rebuilding program the Tigers have had, and it promises to be a tell-tale encounter.

The Chiefs finished last year with a 5-5 won-lost slate. CHS came out of the season with a 4-5-1 mark.

2-Year-Old Pace Record Cracked

COLUMBUS, Ohio (AP) — The national season's 2-year-old pacing mark over a half-mile track was shattered twice Tuesday during the running of the \$29,400 Buckeye State Pace, richest race ever run at the Ohio State Fair.

Coffee Break, owned by the C & M Stables of Archbold, posted a time of 2:03 to pick up the winner's share in the three-heat event. Driven by George Scholty, the colt had won the first heat in 2:05.

In the second, Buckeye Champ dropped the season record (2:04) to 2:03 4-5. But he could not keep up with the torrid pace set by Coffee Break in the final heat.

New England Sailors Lead in Florida Test

ST. PETERSBURG, Fla. (AP) — In the battle for the North American junior sailing championship, the Marblehead, Mass., team moved into the front Tuesday. After four races it held a slight edge with 29½ points.

With four races to go, the Cowan Lake, Ohio, team was eighth and last with 6 points.

Ladies League Opens

The Ladies Tuesday Night League will get under way at 6:45 p. m. Tuesday at Circle D Lanes. A full lineup of teams has been scheduled for the women bowlers this year, loop officials noted.

Surprising Reds Chalk Up 10th Shutout

Pittsburgh Handed
3-0 Whitewash Job
By O'Toole, Maloney

By THE ASSOCIATED PRESS

There was no pennant fever among the Cincinnati Reds or their fans in early season, but things weren't so black that Manager Fred Hutchinson was without hope.

"We could do all right," said Hutch, "if we could get some pitching. We need it, because we don't score many runs."

That will give you some idea of just how much of a surprise team the Reds are in that National League race. Not only are they second on run totals—610 to San Francisco's 627—but the pitching staff leads the league in shutouts.

With southpaw Jim O'Toole and reliever Jim Maloney combining for Cincinnati's 10th white wash job of the season, the Reds knocked off Pittsburgh 30 Tuesday night and retained a 3½ game lead over second-place Los Angeles. The Dodgers stayed close with a 21 victory at Chicago as Sandy Koufax limited the Cubs to a pair of singles.

Milwaukee replaced San Francisco in third place, seven games behind, by beating the Giants 76 in 13 innings on Ed Mathews' home run. St. Louis made it eight in a row with a 5-4 victory at Philadelphia in the opener of a two-night pair, but the Phils took the nightcap 4-3.

In the American League, New York was shut out on four singles by Camilo Pascual and lost 3-0 at Minnesota, but the Yankees retained a 1½ game edge when the Chicago White Sox beat second-place Detroit 4-3. Los Angeles swept a two-night doubleheader from Baltimore by 65 scores, with the second game going 11 innings. Cleveland defeated Washington 6-4 and Boston beat Kansas City 8-4.

The Reds won their third in a row with a six-inning run at Pittsburgh on singles by Vada Pinson, Jerry Lynch and Gordy Coleman off right-hander Bob Friend (12-17).

Maloney nailed it for O'Toole (14-9), who gave up all of the Bucs' six hits, by striking out pinch-hitter Rocky Nelson with the bases loaded in the ninth.

Koufax (15-9), who leads NL pitchers in low-hit games with a pair of two-hitters and a couple of three-hit performances, held the Cubs hitless for 6 2/3 innings for the second time this season. Sandy struck out 12, for a season total of 212, tops in the majors. The Dodgers scored the winning run in the top of the seventh on a walk, sacrifice and Frank Howard's single off Don Cardwell (11-12).

Mathews' 26th home run came with one out in the bottom of the 13th for the Braves—their only hit against loser Dick LeMay (2-5) in his five innings of relief.

\$131,573 Pot Awaits Top U.S. Trotters

DU QUOIN, Ill. (AP)—Thirteen horses, the cream of the nation's 3-year-old trotters, were reported in prime condition for today's 36th performance of the Hambletonian.

A record crowd of 30,000 was expected for American harness racing's foremost classic, with \$131,573 in prize money.

The crown, and first prize of \$77,364, will go to the first trotter to win two mile heats on the one-mile oval at the Du Quoin State Fairgrounds. Most drivers were prepared for more than two heats because of the speed already shown this year by the majority of the entrants.

Most of the trainer-drivers consider Caleb, Matatar and Duke Rodney the horses to beat.

Caleb drew the No. 1 starting position, next to the rail in the first tier of 10 horses. Caleb will be driven by John Simpson, who drove Hickory Smoke to a Hambletonian victory in 1957.

Matatar, driven by veteran Harry Pownall, also won a rail position, directly behind Caleb, in the second tier of three horses. Duke Rodney, driven by Eddie Wheeler, drew the eighth position in the front tier.

Spectator, piloted by Ralph Baldwin, and Harlan Dean, driven by Jimmy Arthur, also were regarded as strong challengers.

Other horses in the field are Speedy Princess, Frostbite, Meadow Farr, Claire Sampson, Medalist, Behave, Pack Hanover and Orbiter.

No. 3 Tennis Player Back In Doghouse

FOREST HILLS, N.Y. (AP) — Dennis Ralston, one of the main hopes to bring the elusive Davis Cup back to the United States, was back in the United States Lawn Tennis Association's doghouse today.

And there appeared to be a division of opinion on just how long he'll stay in the kennel.

The 19-year-old Bakersfield, Calif., ace, Tuesday was suspended by the USLTA for "bad conduct." The immediate result was that he became ineligible for the national championships starting here on Friday.

George Barnes, president of the USLTA, issued a formal statement pinpointing Ralston's antics in the American Zone final against Mexico in Cleveland two weeks ago as the primary cause of the suspension. Ralston already had been placed on a year's probation for acting up in Australia last year.

Significantly, however, Barnes did not place any time limit on the suspension. This led some observers to believe that when Ralston is hauled in for a full hearing on Sept. 8, his banishment from the nationals may be considered sufficient punishment.

"After all," said one top official, "getting to the challenge round means about \$25,000 to the USLTA. If Ralston is needed to help us get there, I can't see them making the suspension stick."

Barnes statement did not mention the specific violations charged to Ralston, the nation's No. 3 ranked player.

Surprising Reds Chalk Up 10th Shutout

Pittsburgh Handed 3-0 Whitewash Job

By O'Toole, Maloney

By THE ASSOCIATED PRESS

There was no pennant fever among the Cincinnati Reds or their fans in early season, but things weren't so black that Manager Fred Hutchinson was with-

out hope.

"We could do all right," said Hutch, "if we could get some pitching. We need it, because we don't score many runs."

That will give you some idea of just how much of a surprise team the Reds are in that National League race. Not only are they second on run totals—610 to San Francisco's 627—but the pitching staff leads the league in shutouts.

With southpaw Jim O'Toole and reliever Jim Maloney combining for Cincinnati's 10th white wash job of the season, the Reds knocked off Pittsburgh 30 Tuesday night and retained a 3½ game lead over second-place Los Angeles. The Dodgers stayed close with a 21 victory at Chicago as Sandy Koufax limited the Cubs to a pair of singles.

Milwaukee replaced San Francisco in third place, seven games behind, by beating the Giants 76 in 13 innings on Ed Mathews' home run. St. Louis made it eight in a row with a 5-4 victory at Philadelphia in the opener of a two-night pair, but the Phils took the nightcap 4-3.

In the American League, New York was shut out on four singles by Camilo Pascual and lost 3-0 at Minnesota, but the Yankees retained a 1½-game edge when the Chicago White Sox beat second-place Detroit 4-3. Los Angeles swept a two-night doubleheader from Baltimore by 65 scores, with the second game going 11 innings. Cleveland defeated Washington 6-4 and Boston beat Kansas City 8-4.

The Reds won their third in a row with a six-inning run at Pittsburgh on singles by Vada Pinson, Jerry Lynch and Gordy Coleman off right-hander Bob Friend (12-17).

Maloney nailed it for O'Toole (14-9), who gave up all of the Reds' six hits, by striking out pinch-hitter Rocky Nelson with the bases loaded in the ninth.

Koufax (15-9), who leads NL pitchers in low-hit games with a pair of two-hitters and a couple of three-hit performances, held the Cubs hitless for 6 2/3 innings for the second time this season. Sandy struck out 12, for a season total of 212, tops in the majors.

The Dodgers scored the winning run in the top of the seventh on a walk, sacrifice and Frank Howard's single off Don Cardwell (11-12).

Mathews' 26th home run came with one out in the bottom of the 13th for the Braves—their only hit against loser Dick LeMay (2-5) in his five innings of relief.

Lockbourne Pacer Cops Scioto Downs Feature

COLUMBUS, Ohio (AP) — Lola Star, owned by Walter Davis of Lockbourne, won the featured C-2 pace at Scioto Downs Tuesday night in 2:06.

Driven by Bill Robinson, the 4-year-old bay mare grabbed the early lead and fought off the stretch rush of Whiz K to win the mile by 1 1/4 lengths Lola Star returned \$6.20.

Players Prepare LE Grounds for Opening

Logan Elms football players and helpers turned gardeners after yesterday's practice session.

The gridders put six mowers to good use, cutting and trimming the high school lawn and football field to prepare for Friday's opening day of classes.

Pirate Pilot Tags Redlegs As Probable Pennant Winner

PITTSBURGH (AP) — Manager Danny Murtaugh of Pittsburgh has finally come around to the idea Cincinnati will likely take the National League flag.

After southpaw Jim O'Toole shut out his Pirates 3-0 Tuesday night with ninth inning help from Jim Maloney, Murtaugh said:

"They've got the schedule going for them now and they have enough days off in September so Hutch can go with a front-line pitcher in every game."

O'Toole walked five Pirates and fanned seven in winning his 14th victory in 23 decisions.

The Pirates jammed the bases in the last inning with two out on Bill Mazeroski's single, Smoky Burgess' pinch double and a walk to Bill Virdon.

Stubbed Toe Helps Indians Trip Nats

CLEVELAND (AP)—The Cleveland Indians probably can thank a stubbed toe for breaking their five-game losing streak.

The Tribe beat the Washington Senators Tuesday night, 6-4, but didn't get rolling until Washington pitcher Dick Donovan sprained his big toe fielding a ball in the sixth inning and had to be replaced. At the time, he had a three-hitter going and was nursing a 4-0 lead.

It vanished in the seventh inning when the Indians poured across six runs—five unearned—to extend Washington's losing streak to 11 games.

Mike Garcia, ex-Indian great, pulled the boner that kept the Indians' rally alive.

Marty Kutyna had given up Woodie Held's 16th homer, walked John Temple and yielded a single to Jim Piersall.

Mike the bear came in to pitch and got Tito Francona to bounce out. But he walked Willie Kirkland to fill the bases. John Romano hit an easy bouncer to third baseman Billy Klaus, who threw wild to first as a run scored. Garcia walked Bubba Phillips, forcing in a run to make it 4-3.

Now, with two out and the bases loaded, who would expect Vic Power to bunt? That's what he did.

Garcia and Klaus charged for the ball. Garcia grabbed it and flipped to third—but nobody was covering and the ball bounded into left field. Three runs scored on the error.

Johnson Retains Lightheavy Title

SEATTLE (AP) — Harold Johnson, still the world lightweight boxing champion after 15 bruising rounds against Eddie Cotton, started a two-month vacation today by visiting the naval base where he fought his first pro fight in 1943 while a United States sailor.

Johnson, the Philadelphia boxing master, retained his NBA title Tuesday night by a split decision over Cotton, a Seattle tool and die maker whose long reach troubled the champion throughout the bout.

It was Johnson's second successful defense of the crown he won earlier this year by knocking out Jess Bowdry. It was his fourth fight in seven months and it brought him the greatest purse, a check for \$20,000, in his 18 years of boxing.

Food Services Here Approved

District Examiner Sees Improvement

Circleville food services will bear the State health department's seal of approval again after a three-day inspection of sanitation conditions was made here recently by Warne Stark, district sanitarian.

Stark said today The Circleville City Food Service Sanitation Program shows improvement and is recommended to continue on the approved list.

Stark made his tour in conjunction with R. T. Blaney, city sanitarian. The men examined operations at ten restaurant-type businesses, six vending machines and one commissary.

The district official commended the food services for a general, overall improvement apparent in the supervision of the total program, the sanitation of food service operations as required by law and the wholesomeness of food.

HE NOTED there are 55 commercial, three school, three church and one hospital conducting food services for a total of 62 licenses issued in 1961. The report stated city health authorities have good working relations with food service managers and their employees.

Two new food service operations have been established here so far this year. Plans have been filed with the health department and a notification of final action was given. All known food services in the city have been properly licensed, Stark said.

Each food service has been inspected at least once to date in 1961, while many have been checked more frequently. The district inspector recommended improvement in the cleaning and bactericidal treatment of utensils and fixtures and better cleaning of food storage rooms.

He also suggested an increased emphasis on public relations and information services by health department heads.

All in all, Blaney said, Stark was impressed after his inspection here. The approved list status means Circleville will continue to enjoy a high ranking among health officials concerned with food service sanitation.

French Class Is Added at St. Philip's

The School Board of St. Philip's Preschool has announced that a teacher of French will be added to the instructional staff for the Fall session beginning in late September.

Robert Hutzelman, senior warden of St. Philip's and a member of the board, said Mrs. James Stallings will teach French to the children enrolled in the Preschool twice a week.

During the school year of 1960-1961, Mrs. Stallings worked with the children of the Preschool in French. The class was well-received by both the children and their parents and it was decided by the board to make French a part of the curriculum.

"In view of the fact that many progressive schools are teaching languages to children in the early grades, we felt that St. Philip's Preschool would want to offer such an opportunity here in Circleville," Hutzelman said.

MRS. STALLINGS, who lives at 1072 Georgia Road, attended Randolph Macon College for Women at Lynchburg, Va.

Mrs. Robert Litter, director of the Preschool, announced the addition of Mrs. R. V. George, Route 3, to the teaching staff of the Preschool.

Persons interested in enrolling children of kindergarten ages (4 and 5-year-old) may call Mrs. Litter at GR 4-4046 for further information.

Meeting Slated At Logan Elm

An informal meeting will be conducted at 6:30 p. m. tomorrow at the Logan Elm High School to discuss plans for further improvement of the school's football field.

A similar meeting was conducted yesterday evening. Arrangements were made for the advance sale of season football tickets.

Preliminary plans were made for the grading and seeding of the football field.

Two Million Plus To Get Increases In Social Security

E. H. Biedenholz, manager of the Chillicothe District Social Security Office, announced today that more than two million people will get an increase in their monthly social security checks next month.

Biedenholz said as a result of these increases the Social Security Administration will pay out an additional \$170 million each year.

This increase will go to a retired or disabled worker or a sole survivor who has been getting less than \$40 a month. All persons who are to receive an increase will get it automatically.

Biedenholz said it will not be necessary for persons to contact the district office since the increase will be on checks received in September.

Food Services Here Approved

District Examiner Sees Improvement

Circleville food services will bear the State health department's seal of approval again after a three-day inspection of sanitation conditions was made here recently by Warner Stark, district sanitarian.

Stark said today The Circleville City Food Service Sanitation Program shows improvement and is recommended to continue on the approved list.

Stark made his tour in conjunction with R. T. Blaney, city sanitarian. The men examined operations at ten restaurant-type businesses, six vending machines and one commissary.

The district official commended the food services for a general, overall improvement apparent in the supervision of the total program, the sanitation of food service operations as required by law and the wholesomeness of food.

HE NOTED there are 55 commercial, three school, three church and one hospital conducting food services for a total of 62 licenses issued in 1961. The report stated city health authorities have good working relations with food service managers and their employees.

Two new food service operations have been established here so far this year. Plans have been filed with the health department and a notification of final action was given. All known food services in the city have been properly licensed, Stark said.

Each food service has been inspected at least once to date in 1961, while many have been checked more frequently. The district inspector recommended improvement in the cleaning and bactericidal treatment of utensils and fixtures and better cleaning of food storage rooms.

He also suggested an increased emphasis on public relations and information services by health department heads.

All in all, Blaney said, Stark was impressed after his inspection here. The approved list status means Circleville will continue to enjoy a high ranking among health officials concerned with food service sanitation.

French Class Is Added at St. Philip's

The School Board of St. Philip's Preschool has announced that a teacher of French will be added to the instructional staff for the Fall session beginning in late September.

Robert Hutzelman, senior warden of St. Philip's and a member of the board, said Mrs. James Stallings will teach French to the children enrolled in the Preschool twice a week.

During the school year of 1960-1961, Mrs. Stallings worked with the children of the Preschool in French. The class was well-received by both the children and their parents and it was decided by the board to make French a part of the curriculum.

"In view of the fact that many progressive schools are teaching languages to children in the early grades, we felt that St. Philip's Preschool would want to offer such an opportunity here in Circleville," Hutzelman said.

MRS. STALLINGS, who lives at 1072 Georgia Road, attended Randolph Macon College for Women at Lynchburg, Va.

Mrs. Robert Litter, director of the Preschool, announced the addition of Mrs. R. V. George, Route 3, to the teaching staff of the Preschool.

Persons interested in enrolling children of kindergarten ages (4 and 5-year-old) may call Mrs. Litter at GR 4-4046 for further information.

Meeting Slated At Logan Elm

An informal meeting will be conducted at 6:30 p. m. tomorrow at the Logan Elm High School to discuss plans for further improvement of the school's football field.

A similar meeting was conducted yesterday evening. Arrangements were made for the advance sale of season football tickets.

Preliminary plans were made for the grading and seeding of the football field.

Two Million Plus To Get Increases In Social Security

E. H. Biedenholz, manager of the Chillicothe District Social Security Office, announced today that more than two million people will get an increase in their monthly social security checks next month.

Biedenholz said as a result of these increases the Social Security Administration will pay out an additional \$170 million each year.

This increase will go to a retired or disabled worker or a sole survivor who has been getting less than \$40 a month. All persons who are to receive an increase will get it automatically.

Biedenholz said it will not be necessary for persons to contact the district office since the increase will be on checks received in September.

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

After a few widely scattered thundershowers over the southern section Tuesday afternoon, skies were fair overnight with temperatures by early this morning ranging from the 50s in the north and central counties to the 60s in the southern counties.

Night-time cooling produced early morning fog over most portions, with heavier fog along the river valleys.

High pressure centered over Ohio this morning will continue to give above-normal afternoon temperatures today and Thursday, with no immediate threat of precipitation for the two-day period. Temperatures at daybreak included: Cleveland and Columbus 57, Zanesville 55, Cincinnati 66 and Marietta 63.

OHIO FIVE-DAY FORECAST

SOUTHERN & CENTRAL OHIO — Mostly fair, dry weather through Monday. Temperatures will average about 4-8 degrees above normal. Normal high 81-86, low 59-65. Rainfall will average less than one half inch in widely scattered thundershowers.

"In view of the fact that many progressive schools are teaching languages to children in the early grades, we felt that St. Philip's Preschool would want to offer such an opportunity here in Circleville," Hutzelman said.

MRS. STALLINGS, who lives at 1072 Georgia Road, attended Randolph Macon College for Women at Lynchburg, Va.
